**Date:** Thursday, February 26, 2015 3:55:24 PM

---

Hi Adam. FYI we're going to attend a meeting with the State and BLM in Billings to go over all the plans at once on March 4, so won't be attending individual planning office cooperator meetings. Thanks for the invite though. Hope all is well,

Jeff

Good Afternoon,

I just wanted to send a quick note to inquire about possible meeting dates in order to discuss what is being called the proposed plan for the final Lewistown Field Office Greater Sage-Grouse Resource Management Plan Amendment.

Understanding that this is a very bust time of year for many of you due to calving, we would like to get an idea what might be the best time to schedule a meeting. We are proposing either sometime the last week in March or the first week in April.

Please respond directly to this e-mail or give me a call and let me know what would work best.

As you are our cooperators in this effort we would like to share with you the management actions habitat objectives and other changes that will be included in the plan as well as an updated schedule. We are aware that there may be many questions, concerns and comments related to these changes that have been developed over the last several months. Anticipating this, we are prepared to request that our State Director, Jamie Connell to be present at the meeting in order to better inform you about the process that was involved in getting to this point.

We continue to appreciate your interest and involvement in this process

Respectfully,

Adam Carr
