Subject: GRSG 2015 in house review of contaminants chapter
Date: Friday, February 27, 2015 11:45:17 AM

FYI, I asked Kim Dickerson if she would be available to review the Contaminants/Pesticides chapter as an 'internal expert'. She felt it would be possible.

I anticipate this chapter will be available for Kim's review in approximately 2 weeks and likely will be <20pages double-spaced (I'll should have more details today or Mon)

Let me know if you have any concerns
