LV,

I won't be able to get you that layer until early next week. I still need to get in touch with MT regarding their state lands and the associated 250k acres. Jim's pulling together the NRCS and NCED data, and if/when we get any CRP, etc. data... it'll be later and I'm not wanting it to hold up this layer. So, I'll keep at it, and get you that stuff asap.
