Title: PFW Poster
Your Office: External Affairs
Your Email: theodore_stein@fws.gov
Your Phone Number: 303 236 4336
Date Of Request: 2/27/2015
Deliverable Type: Map(s)

The HabITS database expert for the Partners for Fish and Wildlife Program has developed the files for us of all the GRSG projects for the Partners for Fish and Wildlife Program, throughout the 11 Western States. These data can now be overlaid over the top of the GRSG map with the PACs, in order to have the final map for the Poster that Noreen Walsh will be bringing to the North American in March (i.e., the poster session for the TRCP reception).

Description of 1) We need the data in the Zipped attached file overlaid with the map of

Need: the GRSG PACs.

2) The map should not be busy, but rather have plain and simple colors, with the brightest color being the locations of where the PFW projects are located. So, the outline of the States, the PACs should be a dimmer color with PFW projects bright – the purpose being to highlight that the PFW biologists are working on projects throughout the range of the GRSG and highlighting some very high priority areas for sage grouse. ZIP FILE TO BE SENT ON REQUEST

What are your goals/purpose?: Informational poster describing PFW projects across GRSG range for March 12 reception at the North American and for use by PFW programs at outreach events.

Who is your audience?: General Public

Desired scale: Poster-sized map

Due Date: 3/3/2015

Link to Project files within ScienceBase:

Does all of the data exist for this project?: Yes

Collaborating Organizations: Partners for Fish and Wildlife

Who is assigned to this project:

Requester's Region: R6

Deliverables: Map(s)

Project Request

Approved:

Review

Complete?:
