Importance: High

Bernie,

Per my VM, please visit the below URL to view the subject info and Dan's accompanying memo (10/27/14) to BLM and USFS leadership. This issue has evolved significantly since October – we are working on refined maps as we speak – but you should be able to discern the affected NWRS units, which we believe to be:

- CMR
- Seedskaadee
- Cokeville Meadows
- Hart-Sheldon

The Northern Great Basin stronghold landscape may also include some NWRS lands (SE ID NWR Complex).

Lara Juliusson, copied here, led the technical aspect of this mapping exercise and can provide additional information as necessary. Thanks, and please let us know how else we can help as you work to answer Noreen's question.

Matt
