Subject: Question about GRSG Management Zone sizes?

Hello Lief, Do you by chance know what the exact acreage of each management zone should be?

I converted Jim's GRSG_2015_USFWS_StatusReview_MgmtZones GDB data to a shapefile and calculated acres. I included the table below. If this looks right, I'll use these.

If you know the size, can you check and see that I have it correct before I use it in the mining/coal excels for Ron's chapter tables.

Thanks Ed
