Thanks, Katie, on both items. We'll close hold the agenda until we see the larger distro to the TF and know it's final.

On another note, I should shortly have a BLM POC for the in-person update on Battalion Pro at next week's meeting. I think it would be good to extend an invitation from WGA/SGTF to that POC to present at the meeting. Let me know if that works and I'll connect everyone.

Thanks again. Matt

Matt,

Here's what I have right now for the agenda. I wanted to give Jeremiah a chance for a final look after a few updates but my plan is to send this to the task force today.

Yes, we are actually going to give all parties an extension to Jan 30 for responding to the WGA request for information for our sage-grouse inventory. I should get a more formal message out today but please go ahead and work from that revised time frame.

Thanks,
Katie

Hi. We are working to on the below and would be grateful for the revised agenda so we can circulate it among our folks and finalize our roster. When do you think you'll have that available?

Also, on another item: can we have a few extra days to respond to the data call for the WGA GrSG inventory? We are swimming right now and want to get you the right info but could use a little more time.

Thanks in advance.

Matt

Matt,

Thanks for the update. I'll add Mary to the attendee list and if others are confirmed, please just let me know.

Hi, Katie. I'm checking on this but it might take a few days to confirm, For sure Dan, Noreen, and me. Also Mary Grim from our Pacific-Southwest Region (Sacramento). Potentially, folks from our Portland shop and program leadership here in Denver. I'll circle back soon. Thanks.

Matt,

I forgot to confirm who is attending the meeting for FWS. So far I have you, Dan and Noreen down. Any others?

Thanks,
Katie
