Copy. Will line this out shortly. To be clear: you mean Wednesday, 1/21 (in the afternoon following the conclusion of SGTF), correct? Thanks.

Could you all join a mtg/teleconf with Jim Lyons on Tuesday 1/21 about 1:30 or 2:00 pm mountain time to discuss:

1. Stepping down the Secr. Order to ensure we are taking actions that have the greatest likelihood of decreasing recent historical fire frequency in the GB, and
2. How they can best prepare and share information to FWS that will be useful in our status review process and analysis as an outcome of the Secr. Order

Jim will be in Denver then for the TF meeting and would like to gather our thoughts as they prepare to move quickly on the Secr. Order.

Advice welcome: Other than you all (or instead), who is best poised to be part of this informal conversation to help the Department help us with this threat? I know that Terry and Dawn have been identified as our staff contacts to the Secr. Order process, but Jim also wants to think about how to get information to us in the most helpful way possible so I thought we also might want folks who are in the status review analysis weeds (no pun intended).

By virtue of this note, I am asking Matt K to take the lead to help us organize this gathering and to work with Jim to ensure we have a clear agenda.

Thanks,  
Noreen
