Thank you. Truthfully, I really don't understand the acreages.

Lara indicated that the stronghold itself was 3.46 M acres.....

Noreen - attached are notes from a call I took a few weeks ago with the state and WY BLM. It identifies approximate acreages.

here are the notes from the call this afternoon. Mark has not reviewed so I would appreciate any additions or corrections he can offer as he was actually in the room (I think). I did note to this group with some dismay that Boss had made a plea to DOI and BLM leadership last week that resolution on all items wait until next week since there were not staff to do the work.

happy grouse new year....
