Hi Kit,

Kate let me know you should be included at this level of review. Please see information in email below.

And FYI, after the Denver meeting we have changed the chapter format some. In particular we will be focusing our analysis more at the management zone level. Future chapters drafts will follow the new format.

Our timeline is very short and reviewers are only going to have 7 calendar days to review. However if you have particular interest in a specific chapter, but anticipate you might not be able to meet the deadline, let me know. Otherwise if I haven't heard from you by the deadline, I will assume that you do not intend to comment at this time.

Let me know if you have any questions.

Hello All,

FYI, the Agricultural Conversion chapter is ready for review, link below. Joy Gober is the author. If you have particular interest in reviewing this chapter (MT?, WA?) please have comments back to me no later than Jan 28.

At this stage we are asking review for logic and clarity of argument. Is the chapter logically organized? Is the argument compelling? Are the dots connected? We are asking for your questions or comments to be included in a memo (link below) not track changes. We will have others doing technical edits at a later time.

We do not expect all project leaders to review every chapter. However, I will be sending out a similar FYI for each chapter as it becomes available.

Don't hesitate to call if you have any questions.
