Do not transfer any workload yet. I spoke with Terry she had a completely different understanding of what was going she is going to send a note out clarifying.

R8 is likely to agree to pick up one of the chapters dropped by OR. Will confirm that later today.

Morning Mikey -

FYI - the OR field office has pulled both Jennifer and Jeff E. out of the status report

efforts until Feb. 17. As a result I am now drafting the wild horse chapter and likely re-drafting the fences chapter (the first version needs a complete revision). Jeff is trying to find a few hours to finish the expanded outline of the conifer chapter, but says it will be incomplete So Amy will now be trying to find someone to finish that chapter.
