Subject: Web App viewer for FIAT effort
To: Joseph Adamski <jadamski@blm.gov>, Travis Cooper <tcooper@blm.gov>

Joe

Here is the link to the Web App viewer for our FIAT work. We still have some data pending from the field and some general cleanup to do on it, but think the group today would like to see it. It resides behind a BLM firewall, so not exactly sure about access limitations for State or possibly FWS. We also have a arc gis project package that we can send to folks if needed.
