Thanks. In speaking with Theo, copied here, I was under the impression we are holding on the below outreach until we get resolution on the current delay legislation pending in Congress. Is that still the case, or...?

I think Kathy will be too, and I'll let her lead or defer to me.

We'll have 2 aspect to the outreach:

1. Internal - TPs and what we're asking from them by way of an email to be sent tomorrow(?), and
2. External - no TPs and a reminder letter about the CED, in an attempt to reach (a) most of those reached before, (b) those we may have missed (where the letter didn't trickle down far enough), and (c) to our local government, and private land stewards so they know that we want their input as well.
