Cool. I will put it on my calendar. Is it going to be at the RO? Or another location?

Correct! Wednesday and Thursday would be the days I'd like to have you here. If you arrive on Tuesday afternoon, I'm hoping to plan some meet-and-greet events each evening, but those are strictly optional :)

I'm hoping to send out some more information today. I just got the green light from Mike and Nicole to solidify the timing and location!

Thanks,

K

Thanks Kate. Just wanted to make sure I understood :)

And you would want me there W and Th (Jan 14th and 15th), correct? No need to be there on the Tuesday, correct?

Yes- sorry for not being clear! I would like you to come, but I do not believe anyone else is necessary at this time.

Thanks!

Thanks Kate. So by you saying you are not sure anyone else from HQ should participate - do you mean you want me to come but it isn't necessary to have Doug or anyone else come? Or you don't think any of us should come?
Sorry, I just want to have a clear understanding.
Thanks!

Hi Carey-

Here's the gist- we're targeting Project Leaders and the Usual Suspects (plus a few other folks who are working on projects, but aren't in-charge of any teams). The meeting will break out into the 1st day for project leaders and the remainder for the whole team (please see below for more detail).

1st Day

We're bringing together the project leaders the first day to ensure that there's a clear understanding of roles and responsibilities and to emphasize the need for their support and the time of their staff going forward.

2nd-3rd Days

We're planning to bring the rest of the team (biologists and doers) into the meeting on Wednesday and Thursday. This will be an opportunity to clarify all the moving parts (teams and deliverables), get everyone up-to-speed on the process (who's doing what and when will it come together), and identify any gaps that we need to address. I'm also hoping for some team building to aid in communication

over the coming months.

At present, I don't envision anyone else from HQ, **but if you think there should be additional HQ attendance, please let me know.**

Thanks, Carey!
K

P.S. You are certainly welcome to be part of the FMT, but I'm not sure it's as relevant (lots of BLM planning stuff).

Hi Kate-

I was not on the FMT call - I am not part of that team (right?).

So, can you give me a little background on this mtg and who should participate from HQ?

Thanks!
