Copy. To be clear: we'll send the Update tomorrow and the abridged ("again, half as long") state plan summary Friday, yes?

Very good. Thank you for the quick work.

Two requests please:

1. Under WY 9 plan we need a one sentence punchline on what our view of the pref alt is (that it meets COT objectives?)
2. For readability by busy Director-types, the appendix needs to be cut way, way down in size to just the pertinent points for each state. (What's that line Hogan is always spouting from "A River Runs Through It"?) And if it means we don't send til Friday, that's ok.

Hi. Please see attached the subject document. Also, rather than cram a 4-state update into one page, I went ahead and developed a stand-alone document capturing state planning updates and recommend we provide that as an appendix to the Update. That document is also attached here.

Please let me know if you have edits to either document, which I'll make first thing in the morning as necessary so the product is ready in advance of Dan's meeting with DOI. Thanks. MK
