Chuck,

I'm working on the few responsive records for the Miami Seaquarium-related FOIA request. Forwarding along the chronology below for your awareness – this information and level of specificity was requested by Dr. Carolyn McKinnie with USDA (National Policy Staff for Exotics and Marine Mammals, USDA APHIS Animal Care) in relation to their ongoing review of the facility. I anticipate wrapping up this records request following my discussion with Carolyn on some other topics later next week.
