

Crosby Wetland Management District

2023 Grazing Unit Information

Maps and general information about individual grazing units can be found below. Estimated stocking rates are provided to help applicants identify which units may fit within their operational capacity. Stocking rates may vary based on weather conditions or changing management needs. In general, management seeks to avoid season-long grazing and favors high intensity-short duration practices, with moderate to full utilization within a rotational grazing system. Specific grazing plans will be provided to selected cooperators annually before cattle are turned out.

Condition of fencing, water, other infrastructure and access may vary by unit. Applicants are encouraged to contact Diane Borgreen at the Crosby Wetland Management District Office phone (701) 965-6488 with any specific questions about units prior to applying.

Alamo WPA

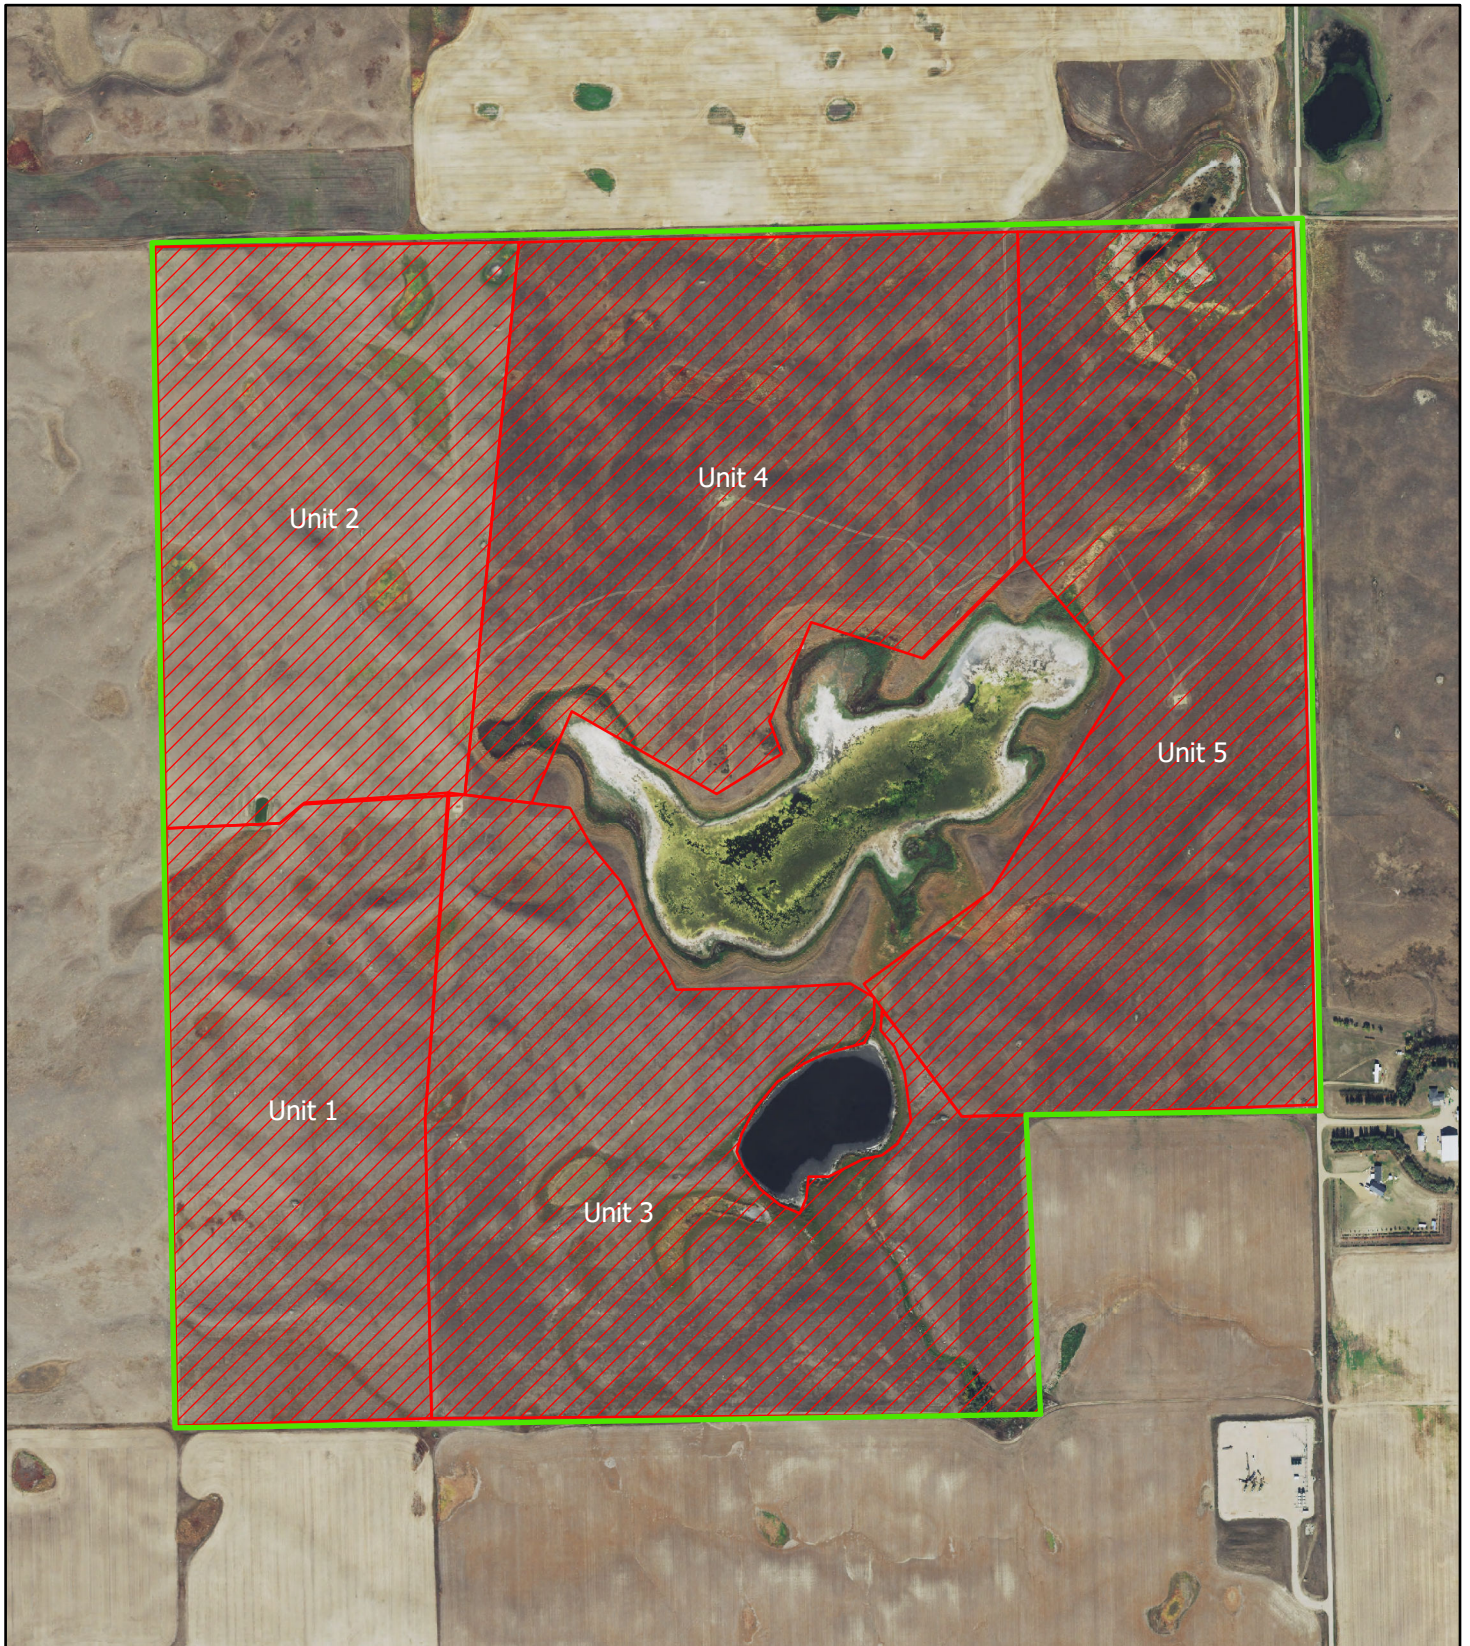

Williams County - T159 R98 S31

502 grass acres

Approximately 125 AUMs available/season

Desired duration up to 6 weeks

 Refuge Boundary
 Grazing Unit

Alkabo WPA

Divide County - T162 R101 S6

72 grass acres

36 AUMs available

Desired duration up to 4 weeks

 Refuge Boundary

 Grazing Unit

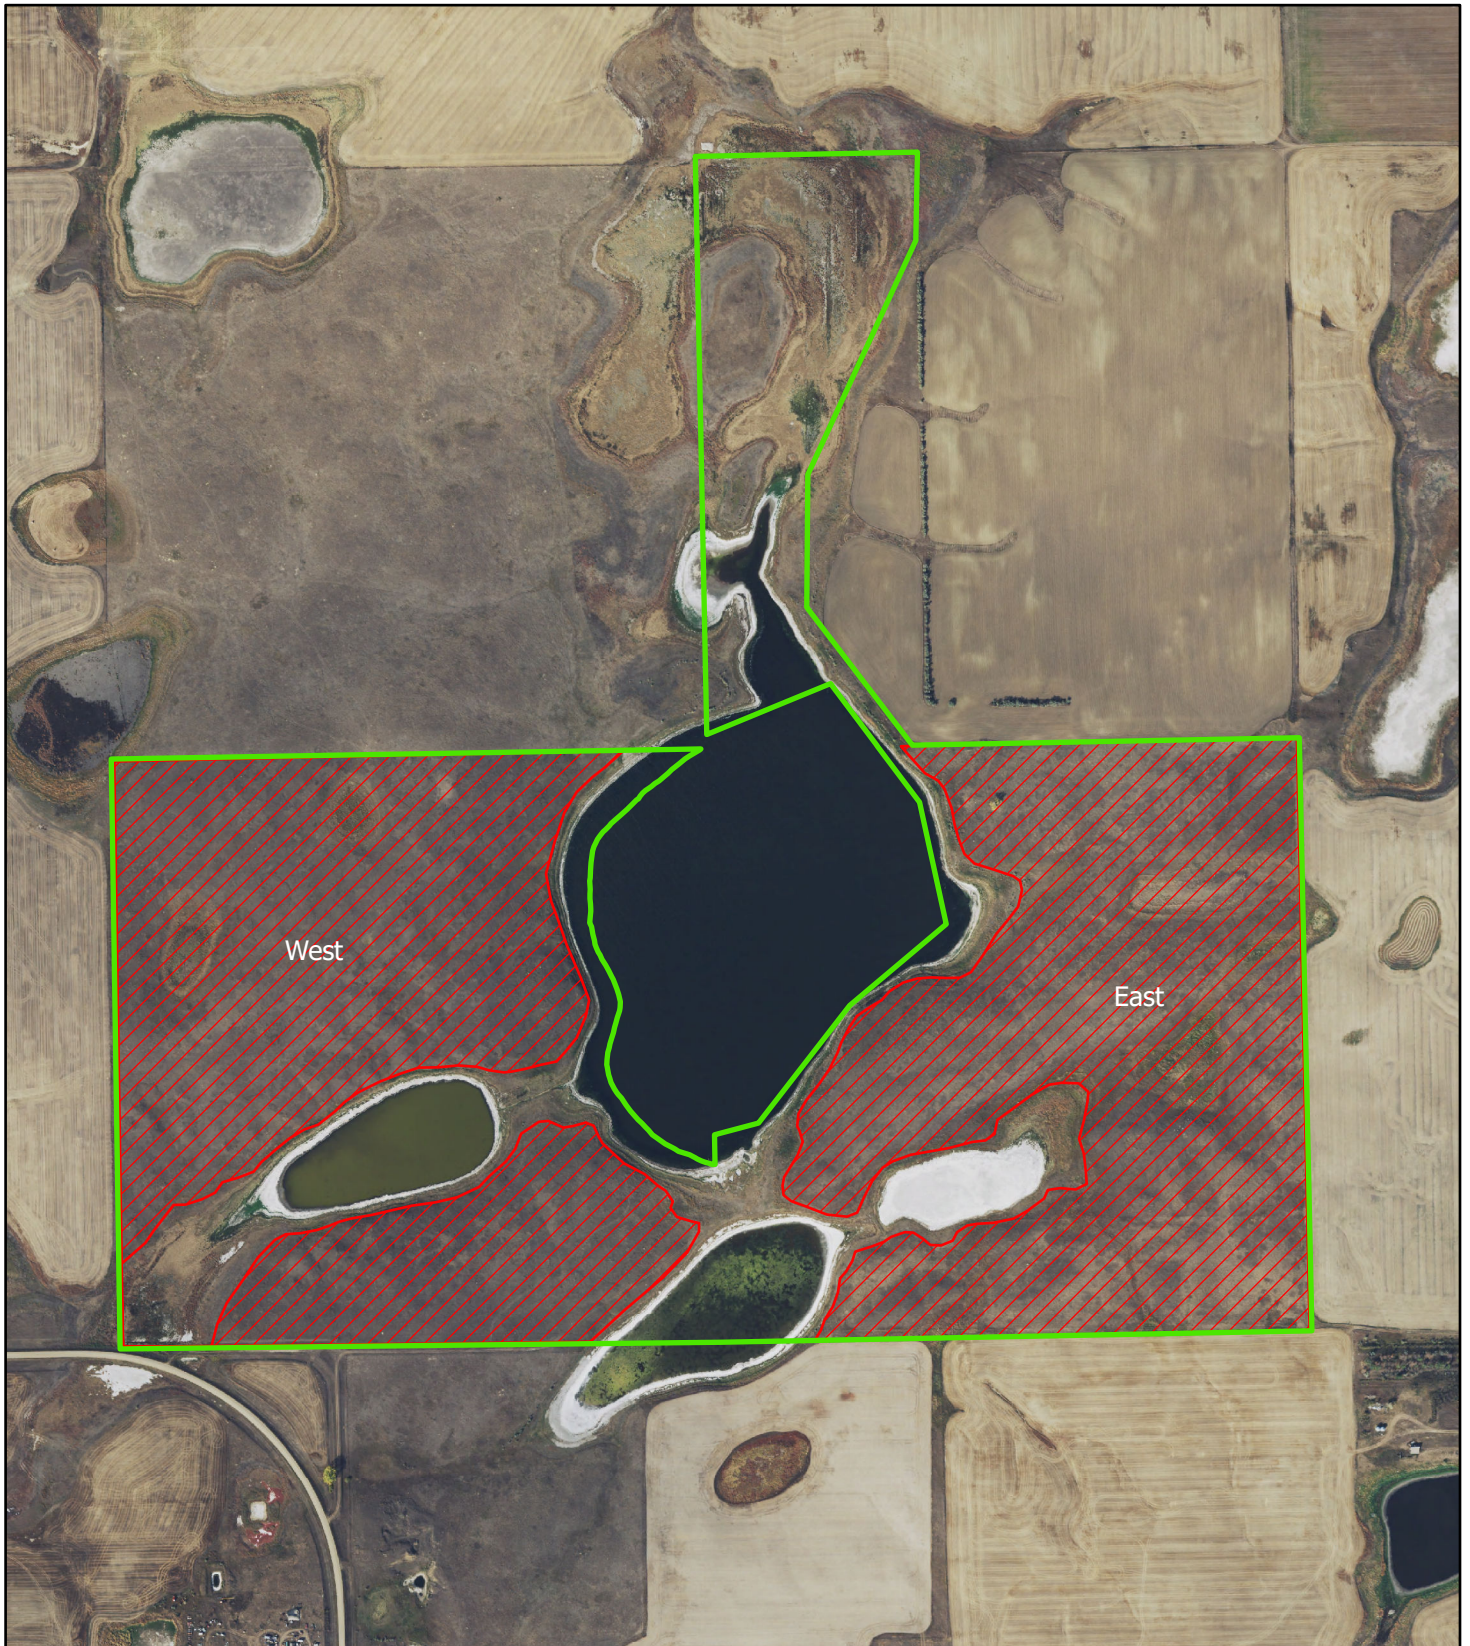

Anderson WPA
Divide County - T160 R99 S8
125 grass acres
63 AUMs available
Desired duration up to 5 weeks

 Refuge Boundary
 Grazing Unit

Brightwater Lake WPA
Divide County - T161 R99 S26 & S31
204 grass acres
102 AUMs available
Desired duration up to 7 weeks

 Refuge Boundary
 Grazing Unit

C. Wigness WPA
Divide County - T162 R101 S24
163 grass acres
82 AUMs available
Desired duration up to 5 weeks

 Refuge Boundary
 Grazing Unit

Daneville WPA
Divide County - T161 R103 S11
79 grass acres
40 AUMs available
Desired duration up to 4 weeks

 Refuge Boundary
 Grazing Unit

Danielson WPA
Divide County - T163 R102 S21
42 grass acres
21 AUMs available
Desired duration up to 3 weeks
