

Appendix C. List and Description of All Oregon Seabird Colonies

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
195-002	Clatsop	East Sand Island	46° 15' 44" N	123° 58' 53" W	Long, thin natural/dredge spoil island in the Lower Columbia River estuary 6.5 miles northwest of the Astoria-Megler Bridge.	26
195-003	Clatsop	"Desdemona Sands Pilings"	46° 12' 35" N	123° 52' 35" W	Pilings on Desdemona Sands 0.8 miles west of the Astoria-Megler Bridge.	28
195-004	Clatsop	Rice Island	46° 15' 3" N	123° 42' 10" W	Dredge spoil island approximately 7.3 miles upstream of the Astoria-Megler Bridge.	28
195-005	Clatsop	"Miller Sands Channel Markers"	46° 14' 3" N	123° 42' 51" W	Navigation markers along southern boundary of Tongue Point Channel, approx. 7 miles upstream of Astoria-Megler Bridge and 1 mile south of Rice Island.	30
195-006	Clatsop	"Miller Sands Spit"	46° 14' 54" N	123° 40' 22" W	Elevated sandy area and adjacent navigation markers south of Tongue Point Channel, approx. 1.5 miles southeast of Rice Island.	30
195-007	Clatsop	Astoria-Megler Bridge	46° 11' 46" N	123° 51' 9" W	Steel bridge structure over and adjacent to the shipping channel on Oregon side of the Columbia River.	30
219-000.1	Clatsop	"Tillamook Head North Point"	45° 57' 4" N	123° 59' 8" W	Mainland colony; slight promontory northeast of Tillamook Head.	34
219-001	Clatsop	"Tillamook Head Rocks" (Eastern Rocks)	45° 56' 46" N	123° 59' 42" W	Group of small pinnacles near mainland at tip of Tillamook Head.	34
219-002	Clatsop	"Tillamook Head Rocks" (Northern Rock)	45° 56' 47" N	123° 59' 45" W	Largest (northernmost) single rock at tip of Tillamook Head, just outside pinnacles.	36
219-003	Clatsop	"Tillamook Head Rocks" (Southwestern Rocks)	45° 56' 44" N	123° 59' 49" W	Pair of rocks situated just southwest of 219-002 at the tip of Tillamook Head.	37
219-004	Clatsop	"Tillamook Head Point"	45° 56' 46" N	123° 59' 37" W	Mainland colony; western tip of Tillamook Head.	37

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-001C	Clatsop	"Tillamook Head Complex"			Historical information for colonies 219-001 to 219-004 combined	38
219-005	Clatsop	Tillamook Rock	45° 56' 15" N	124° 1' 8" W	Large rock topped by a lighthouse situated offshore Tillamook Head, x miles west of Bird Point.	40
219-006	Clatsop	"Bald Mountain Rock"	45° 56' 14" N	123° 59' 35" W	Single rock just offshore Bald Mountain, south of Bird Point.	43
219-007	Clatsop	"Bald Mountain Headland"	45° 56' 14" N	123° 59' 32" W	Rock attached by knife ridge to headland at Bald Mountain.	44
219-006C	Clatsop	"Bald Mountain Rocks Complex"			Historical information for colonies 219-006 to 219-007 combined	45
219-007.1	Clatsop	"Unnamed Colony"	45° 56' 9" N	123° 59' 19" W	Mainland colony; small area of cliff face between Bird Point and Indian Point.	45
219-008	Clatsop	Indian Point	45° 55' 50" N	123° 59' 2" W	Mainland colony; cliffs and bluffs on north, west and south sides of Indian Point.	46
219-009	Clatsop	Submarine Rock	45° 55' 35" N	123° 58' 46" W	Single rock just north of Bald Point. Little vegetation.	46
219-010	Clatsop	"Unnamed Colony"	45° 55' 23" N	123° 58' 50" W	Tallest (easternmost) rock in cluster of rocks between Bald Point and Ecola Point.	47
219-011	Clatsop	"Unnamed Colony"	45° 55' 14" N	123° 58' 41" W	Mainland colony, just north of Ecola Point on small knob of land.	48
219-012	Clatsop	"Ecola Point Rocks"	45° 55' 6" N	123° 58' 52" W	Group of rocks due west of Ecola Point.	48
219-012.1	Clatsop	"Ecola Point Headland"	45° 55' 3" N	123° 58' 37" W	Mainland colony; south face of Ecola Point.	48
219-013	Clatsop	Sea Lion Rock	45° 55' 2" N	123° 59' 6" W	115' high arched rock west of Ecola Point (westernmost rock); sparse vegetation.	50
219-014	Clatsop	"Unnamed Colony"	45° 55' 2" N	123° 59' 1" W	50' high spire just east of Sea Lion Rock at Ecola Point.	52
219-015	Clatsop	"Unnamed Colony"	45° 55' 0" N	123° 58' 51" W	Group of unvegetated rocks at Ecola Point, due south of 219-012.	53
219-016	Clatsop	"Unnamed Colony"	45° 54' 55" N	123° 58' 31" W	Two small pinnacles in cove south of Ecola Point; light soil on top.	53
219-011C	Clatsop	"Ecola Point Complex"			Historical information for colonies 219-011 to 219-016 combined	54
219-017	Clatsop	Bird Rocks (Northern)	45° 54' 33" N	123° 58' 25" W	Northernmost rock at Chapman Point; thin soil on top.	55

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-018	Clatsop	Bird Rocks (Western)	45° 54' 29" N	123° 58' 26" W	Westernmost rock at Chapman Point.	57
219-019	Clatsop	Bird Rocks (South Central)	45° 54' 29" N	123° 58' 21" W	Nearly circular rock with patchy vegetation just east of 219-018 at Chapman Point.	58
219-020	Clatsop	Bird Rocks (Eastern)	45° 54' 31" N	123° 58' 15" W	102' tall vegetated rock adjacent to Chapman Point; accessible at low tide.	59
219-017C	Clatsop	"Bird Rocks Complex"			Historical information for colonies 219-017 to 219-020 combined	60
219-020.1	Clatsop	Chapman Point	45° 54' 32" N	123° 58' 13" W	Mainland colony; cliffs and bluffs at northwest tip of Chapman Point.	61
219-021	Clatsop	Haystack Rock	45° 53' 4" N	123° 58' 6" W	235' high haystack-shaped rock at Cannon Beach.	62
219-022	Clatsop	The Needles (Northeast)	45° 52' 58" N	123° 58' 5" W	One of two needles south of Haystack Rock, Cannon Beach; northeast needle; sparse vegetation.	64
219-023	Clatsop	The Needles (Southwest)	45° 52' 55" N	123° 58' 14" W	One of two needles south of Haystack Rock, Cannon Beach; southwest needle. Historical data combined both needles; colony numbers for 219-022 and 219-023 reversed in Pitman et al. (1985).	65
219-024	Clatsop	"Silver Point Rock"	45° 51' 26" N	123° 57' 56" W	Small, partially vegetated conical rock along Cannon Beach.	66
219-025	Clatsop	Jockey Cap	45° 51' 16" N	123° 58' 2" W	85' high, cap-shaped rock with vegetated top west of Double Peak.	66
219-025.1	Clatsop	Arcadia Beach	45° 50' 23" N	123° 57' 43" W	Mainland colony; sandstone bluffs along sandy beach between Humbug Point and Hug Point.	68
219-025.2	Clatsop	Lion Rock	45° 50' 51" N	123° 57' 45" W	Small rock at Humbug Point.	68
219-025.3	Clatsop	Hug Point	45° 49' 53" N	123° 57' 47" W	Mainland colony, bluffs from Hug Point to Fall Creek.	68
219-025.4	Clatsop	"Unnamed Colony"	45° 49' 32" N	123° 57' 45" W	Mainland colony; small point south of Austin Point.	68
219-026	Clatsop	Castle Rock	45° 48' 21" N	123° 58' 59" W	Large 110' high rock 3/4 mile offshore from Arch Cape.	70
219-026.1	Clatsop	"Arch Cape Rock"	45° 48' 9" N	123° 58' 8" W	Largest and easternmost rock adjacent to Arch Cape; accessible from shore at low tide; partially vegetated.	73
219-027	Clatsop	Gull Rock	45° 47' 35" N	123° 58' 20" W	Largest rock off Cove Beach; sparse vegetation.	73

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-028	Clatsop	"Unnamed Colony"	45° 47' 31" N	123° 58' 16" W	Islet connected to beach at low tide.	74
219-029	Tillamook	"Cape Falcon North"	45° 46' 8" N	123° 58' 53" W	Group of three rocks on north side of Cape Falcon.	76
219-030	Tillamook	"Cape Falcon Rock"	45° 46' 3" N	123° 59' 5" W	Large 50' high rock just off Cape Falcon.	76
219-031	Tillamook	"Cape Falcon Point"	45° 46' 2" N	123° 58' 59" W	Mainland colony; cliffs along west tip of Cape Falcon.	77
219-032	Tillamook	"Cape Falcon South"	45° 45' 58" N	123° 58' 54" W	Mainland colony; vertical cliff and three caves on south face of Cape Falcon.	78
219-029C	Tillamook	"Cape Falcon Complex"			Historical information for colonies 219-029 to 219-032 combined	78
219-033	Tillamook	"Smuggler Cove Headland"	45° 45' 41" N	123° 58' 52" W	Mainland colony; area above arch at west end of headland on south face.	79
219-033.1	Tillamook	"Unnamed Colony"	45° 45' 40" N	123° 58' 48" W	60' high pinnacle attached to mainland by sharp ridge; vegetated on south slope and west side of crown.	79
219-034	Tillamook	"Unnamed Colony"	45° 45' 24" N	123° 58' 9" W	20' high boulder off first headland at the south end of Short Sand Beach.	79
219-035	Tillamook	Devils Cauldron	45° 45' 11" N	123° 58' 1" W	Mainland colony; cliffs and bluffs extending entire length of Devils Cauldron cove.	81
219-036	Tillamook	"Unnamed Colony"	45° 45' 3" N	123° 58' 8" W	Single rock, 40' high, near shore just south of Devils Cauldron, Neahkahnie Mountain.	81
219-036.1	Tillamook	"Unnamed Colony"	45° 45' 3" N	123° 58' 4" W	Mainland colony, directly east of 219-036, Neahkahnie Mountain.	82
219-037	Tillamook	"Unnamed Colony"	45° 45' 1" N	123° 57' 58" W	Mainland colony; cliff face in cove southeast of 219-036.1, Neahkahnie Mountain.	82
219-038	Tillamook	"Unnamed Colony"	45° 44' 54" N	123° 57' 58" W	Mainland colony; cliffs west of "Carlton 2" survey marker on USGS quad, Neahkahnie Mountain.	83
219-038.1	Tillamook	"Unnamed Colony"	45° 44' 54" N	123° 58' 1" W	Long, narrow rock just offshore of colony 219-038, Neahkahnie Mountain.	83
219-039	Tillamook	"Unnamed Colony"	45° 44' 42" N	123° 57' 50" W	Mainland colony; Neahkahnie Mountain.	84
219-040	Tillamook	"Unnamed Colony"	45° 44' 38" N	123° 57' 51" W	Mainland colony; last spire at tip of headland, slightly separated from headland, Neahkahnie Mountain.	84

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-041	Tillamook	"Unnamed Colony"	45° 44' 37" N	123° 57' 46" W	Mainland colony; southsouthwest facing cliff face, Neahkahnie Mountain.	85
219-042	Tillamook	Twin Rocks (North)	45° 35' 52" N	123° 57' 35" W	Northern rock at Twin Rocks, Tillamook County.	86
219-043	Tillamook	Twin Rocks (South)	45° 35' 49" N	123° 57' 35" W	Southern rock at Twin Rocks, Tillamook County.	86
219-042C	Tillamook	"Twin Rocks Complex"			Historical information for colonies 219-042 to 219-043 combined	88
219-043.1	Tillamook	Painted Rock	45° 33' 52" N	123° 56' 21" W	Westernmost rock in the main channel at Barview, Tillamook Bay.	90
219-043.2	Tillamook	"Three Sisters"	45° 33' 46" N	123° 56' 13" W	Largest rock in Three Graces group, main channel at Barview, Tillamook Bay.	90
219-043.3	Tillamook	"Green Hill Rock"	45° 33' 42" N	123° 56' 7" W	Vegetated rock southeast of Three Sisters; main channel at Barview, Tillamook Bay.	90
219-043.4	Tillamook	"Unnamed Colony"	45° 33' 37" N	123° 56' 4" W	Small barren rock at the southern base of Green Hill, not connected to mainland.	91
219-044	Tillamook	Pyramid Rock	45° 29' 45" N	123° 59' 5" W	Large sparsely vegetated rock northwest of Cape Meares.	92
219-045	Tillamook	Pillar Rock	45° 29' 22" N	123° 58' 49" W	Large vertical-sided rock just north of Cape Meares lighthouse; very sparse vegetation.	94
219-046	Tillamook	"Cape Meares North"	45° 29' 36" N	123° 58' 9" W	Mainland colony; northernmost cliffs of Cape Meares.	96
219-047	Tillamook	"Unnamed Colony"	45° 29' 28" N	123° 58' 29" W	Mainland colony along north cliff face of large point north of double cove, including small arch rock connected to Cape Meares mainland.	97
219-048	Tillamook	"Unnamed Colony"	45° 29' 25" N	123° 58' 36" W	Mainland colony at west tip of point north of the double cove, Cape Meares.	98
219-049	Tillamook	"Unnamed Colony"	45° 29' 22" N	123° 58' 34" W	Mainland colony on the northernmost cliffs of the double cove, Cape Meares.	99
219-050	Tillamook	"Unnamed Colony"	45° 29' 18" N	123° 58' 33" W	Mainland colony; grassy slopes and cliffs in the center of the double cove, Cape Meares.	100
219-051	Tillamook	"Unnamed Colony"	45° 29' 9" N	123° 58' 42" W	Mainland colony; includes the north, west and south cliff faces of Cape Meares proper (lighthouse point).	100

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-046C	Tillamook	"Cape Meares Mainland Complex"			Historical information for colonies 219-046 to 219-051 combined	101
219-051.1	Tillamook	"Unnamed Colony"	45° 29' 0" N	123° 58' 21" W	Mainland colony; cliffs in small cove south of Cape Meares proper (lighthouse point).	102
219-051.2	Tillamook	"Unnamed Colony"	45° 28' 55" N	123° 58' 18" W	Mainland colony; south-facing cliffs at north end of Short Beach.	102
219-051.3	Tillamook	"Unnamed Colony"	45° 28' 6" N	123° 58' 29" W	Small rock just north of headland at Lost Boy Cave.	104
219-052	Tillamook	"Unnamed Colony"	45° 28' 4" N	123° 58' 39" W	Single 50' high unvegetated pinnacle west of Lost Boy Cave point; outermost pinnacle.	104
219-052.1	Tillamook	"Unnamed Colony"	45° 28' 2" N	123° 58' 28" W	Tip of mainland at Lost Boy Cave point.	104
219-053	Tillamook	"Unnamed Colony"	45° 28' 4" N	123° 58' 36" W	Single 50' high unvegetated pinnacle west of Lost Boy Cave point; east of 219-052.	105
219-053.1	Tillamook	"Unnamed Colony"	45° 28' 2" N	123° 58' 32" W	Single 50' high rock with vegetation and some soil; possibly connected to Lost Boy Cave point at low tide.	106
219-054	Tillamook	Three Arch Rocks (Finley Rock)	45° 27' 52" N	123° 59' 7" W	Easternmost large rock at Three Arch Rocks NWR.	107
219-055	Tillamook	Three Arch Rocks (Middle Rock)	45° 27' 50" N	123° 59' 17" W	Large central rock at Three Arch Rocks NWR.	108
219-056	Tillamook	Three Arch Rocks (Shag Rock)	45° 27' 42" N	123° 59' 25" W	Large 213' high, southwestern rock at Three Arch Rocks NWR.	110
219-057	Tillamook	Seal Rock	45° 27' 49" N	123° 58' 60" W	Small eastern rock at Three Arch Rocks NWR; Steller sea lions normally present.	111
219-052C	Tillamook	"Three Arch Rocks Complex"			Historical information for colonies 219-052 to 219-057 combined	112
219-058	Tillamook	"Unnamed Colony"	45° 20' 48" N	123° 58' 56" W	Mainland colony; easternmost colony, including cave, on north face of Cape Lookout.	114
219-059	Tillamook	"Unnamed Colony"	45° 20' 54" N	123° 59' 4" W	Easternmost large vegetated rock on north side of Cape Lookout.	114
219-060	Tillamook	"Brown Rock"	45° 20' 44" N	123° 59' 26" W	Large 100' high rock on north side of Cape Lookout with some soil and scant vegetation.	116

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-060.1	Tillamook	"Unnamed Colony"	45° 20' 24" N	123° 59' 38" W	Mainland colony; cliffs in large cove on north side of Cape Lookout, between 219-058 and 219-061.	118
219-061	Tillamook	"Unnamed Colony"	45° 20' 25" N	124° 0' 9" W	Mainland colony; cliffs on north face of Cape Lookout between large cove and western tip.	118
219-062	Tillamook	"Unnamed Colony"	45° 20' 17" N	124° 0' 28" W	Mainland colony; west-facing cliffs at tip of Cape Lookout.	119
219-063	Tillamook	"Unnamed Colony"	45° 20' 15" N	123° 59' 34" W	Mainland colony; south face of Cape Lookout.	120
219-058C	Tillamook	"Cape Lookout Complex"			Historical information for colonies 219-058 to 219-063 combined	121
219-063.1	Tillamook	"Unnamed Colony"	45° 13' 15" N	123° 58' 34" W	Mainland colony; cliffs and sandstone rubble in knife-like cove near north end of Cape Kiwanda.	122
219-064	Tillamook	Haystack Rock	45° 12' 42" N	123° 59' 13" W	327' high rock offshore Cape Kiwanda, Tillamook County.	122
219-064.1	Tillamook	"Unnamed Colony"	45° 5' 36" N	123° 59' 36" W	30' high, sparsely vegetated rock adjacent to first point of land south of Proposal Rock, Neskowin.	126
219-064.2	Tillamook	"Unnamed Colony"	45° 5' 12" N	124° 0' 6" W	Mainland colony; cliff faces along northern part of Cascade Head.	126
219-064.3	Tillamook	"Unnamed Colony"	45° 5' 2" N	124° 0' 15" W	Mainland colony; cave with waterfall on south side.	127
219-065	Tillamook	"Unnamed Colony"	45° 5' 2" N	124° 0' 20" W	Mainland colony; cliff faces at north end of Harts Cove outcrop.	128
219-065.1	Tillamook	"Unnamed Colony"	45° 4' 51" N	124° 0' 29" W	Mainland colony; northwest-facing cliffs north of Harts Cove.	128
219-066	Tillamook	"Unnamed Colony"	45° 4' 50" N	124° 0' 31" W	Small single rock adjacent to cliffs north of Harts Cove (adjacent to 219-065.1).	129
219-066.1	Tillamook	"Unnamed Colony"	45° 4' 37" N	124° 0' 48" W	Single rock near the north entrance to Harts Cove.	130
219-067	Tillamook	"Harts Cove North"	45° 4' 33" N	124° 0' 36" W	Mainland colony; south facing cliffs along north side of Harts Cove proper.	130
219-067.1	Tillamook	"Harts Cove South"	45° 4' 25" N	124° 0' 38" W	Mainland colony; west-facing point immediately south of Harts Cove entrance.	131
219-067.2	Tillamook	"Unnamed Colony"	45° 4' 19" N	124° 0' 37" W	Group of rocks just south of 219-067.1.	132

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-067.3	Tillamook	"Unnamed Colony"	45° 4' 16" N	124° 0' 30" W	Mainland colony; southwest-facing cliff just north of Cliff Creek waterfall.	132
219-068	Tillamook	"Center Point"	45° 3' 56" N	124° 0' 57" W	Mainland colony; west tip of point labeled "Center" on 7.5 minute Cascade Head quad.	133
219-069	Tillamook	"Unnamed Colony"	45° 3' 59" N	124° 0' 57" W	Single rock; northern rock of two large rocks off the tip of "Center Point".	134
219-070	Tillamook	"Unnamed Colony"	45° 3' 57" N	124° 0' 59" W	Single, southern rock of two large rocks off tip of "Center Point".	135
219-071	Tillamook	"Unnamed Colony"	45° 3' 41" N	124° 1' 2" W	Single rock immediately east of "Two Arches Rock"; sparse vegetation on south side.	136
219-072	Tillamook	"Two Arches Rock"	45° 3' 42" N	124° 1' 5" W	Large rock with two arches just south of "Center Point," Cascade Head.	137
219-073	Tillamook	"Unnamed Colony"	45° 3' 37" N	124° 1' 5" W	Large rock just south of "Two Arches Rock".	138
219-073.1	Tillamook	"Unnamed Colony"	45° 3' 36" N	124° 0' 58" W	Mainland colony; rocky point east of 219-073.	139
219-068C	Tillamook	"Cascade Head Complex"			Historical information for colonies 219-068 to 219-0073.1 combined	140
219-074	Tillamook	"Cascade Head South"	45° 2' 55" N	124° 0' 59" W	Mainland colony; cliffs on southern point ("Penacle") of Cascade Head.	142
219-075	Tillamook	Three Rocks (North)	45° 2' 44" N	124° 0' 54" W	Northernmost rock in Three Rocks group.	142
219-076	Tillamook	Three Rocks (Middle)	45° 2' 42" N	124° 0' 55" W	Middle rock in Three Rocks group.	144
219-077	Tillamook	Three Rocks (South)	45° 2' 37" N	124° 0' 54" W	Southern rock in Three Rocks group.	144
219-075C	Tillamook	"Three Rocks Complex"			Historical information for colonies 219-075 to 219-077 combined	145
219-078	Lincoln	"Unnamed Colony"	45° 2' 2" N	124° 0' 38" W	Mainland colony; headland at south end of Camp Westwind beach.	146
219-079	Lincoln	"Unnamed Colony"	45° 1' 51" N	124° 0' 44" W	Mainland colony; cliff face just west of Coon Lake on Roads End headland.	146
219-079.1	Lincoln	"Unnamed Colony"	45° 1' 44" N	124° 0' 45" W	Mainland colony; cliff face west of "River" survey marker on Roads End headland; south of 219-079.	147
219-080	Lincoln	"Unnamed Colony"	45° 1' 37" N	124° 1' 15" W	Large single rock offshore of Roads End headland.	148

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
219-081	Lincoln	"Unnamed Colony"	45° 1' 37" N	124° 0' 49" W	Group of nearshore rocks and wash rocks along Roads End headland.	148
219-081.1	Lincoln	"Unnamed Colony"	45° 1' 32" N	124° 0' 47" W	Mainland colony; southernmost point of Roads End headland, adjacent to beach.	149
243-000.1	Lincoln	Boiler Bay	44° 49' 47" N	124° 3' 33" W	Mainland colony; cliff faces of Boiler Bay, from Government Point north to mouth of small stream.	152
243-000.2	Lincoln	"Thunder Shores"	44° 49' 31" N	124° 4' 5" W	Mainland colony; basalt cliffs south of Government Point.	152
243-000.3	Lincoln	"Pirate Cove Rock"	44° 49' 11" N	124° 4' 1" W	Rock at north entrance to Pirate Cove, separated from mainland by surge channel; herbaceous cover on eastern slope.	154
243-000.4	Lincoln	Pirate Cove	44° 49' 7" N	124° 3' 54" W	Mainland colony; cliff faces within Pirate Cove.	155
243-000.5	Lincoln	"Depoe Bay North"	44° 48' 56" N	124° 3' 51" W	Mainland colony; cliffs and rocks at north end of Depoe Bay.	156
243-000.6	Lincoln	"Fogarty Creek South"	44° 50' 17" N	124° 3' 19" W	Mainland colony; north-facing cliff face on headland south of Fogarty Creek mouth.	156
243-001	Lincoln	"Depoe Bay Bridge"	44° 48' 35" N	124° 3' 43" W	Highway 101 bridge at entrance to Depoe Bay harbor.	158
243-001.1	Lincoln	"Depoe Bay South"	44° 48' 11" N	124° 3' 56" W	Mainland colony; cliffs at south end of Depoe Bay.	158
243-002	Lincoln	"Whale Cove Rocks" (North)	44° 47' 27" N	124° 4' 21" W	40' high rock with grass and salal on east side; northernmost of two rocks north of Whale Cove entrance.	160
243-003	Lincoln	"Whale Cove Rocks" (South)	44° 47' 25" N	124° 4' 22" W	Southernmost rock just north of Whale Cove entrance; thick salal on top.	160
243-003.1	Lincoln	Whale Cove	44° 47' 18" N	124° 4' 3" W	Mainland colony; cliffs and bluffs within Whale Cove.	161
243-004	Lincoln	"Rocky Creek Cove"	44° 46' 39" N	124° 4' 21" W	Mainland colony; cliff face along south side of Rocky Creek cove.	162
243-005	Lincoln	"Unnamed Colony"	44° 46' 32" N	124° 4' 33" W	Single rock north of Cape Foulweather and south of Rocky Creek.	163
243-006	Lincoln	"Unnamed Colony"	44° 46' 6" N	124° 4' 16" W	Mainland colony; cliff face on Cape Foulweather below word "quarry" on 7.5 quad.	164

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
243-007	Lincoln	Otter Crest Headland	44° 45' 46" N	124° 3' 59" W	Mainland colony; steep basalt cliff face extending for more than 0.5 mile along Otter Crest Headlands (243-008 in Pitman et al. 1985).	165
243-008	Lincoln	"Unnamed Colony"	44° 45' 54" N	124° 4' 12" W	Single rock along Otter Crest Headlands (243-007 in Pitman et al. 1985).	167
243-009	Lincoln	"Unnamed Colony"	44° 45' 22" N	124° 3' 53" W	Small finger of land disconnected from mainland; salal and one conifer on top.	167
243-009.1	Lincoln	"Unnamed Colony"	44° 45' 12" N	124° 3' 52" W	Mainland colony; cliffs and bluffs from Otter Crest Inn beach access north to 243-009.	168
243-010	Lincoln	Gull Rock	44° 45' 7" N	124° 4' 30" W	Largest rock west of Otter Crest, 0.5 mile offshore.	169
243-010.1	Lincoln	Devils Punch Bowl	44° 44' 45" N	124° 3' 56" W	Mainland colony; cliffs along Devils Punchbowl State Park.	172
243-010.2	Lincoln	Otter Rock	44° 43' 57" N	124° 4' 14" W	Large unvegetated rock 0.5 mile west of Beverly Beach State Park.	173
243-011	Lincoln	"Unnamed Colony"	44° 40' 38" N	124° 4' 27" W	Mainland colony; cliff face on north side of Yaquina Head extending from the beach west to Trespass Cove entrance.	174
243-012	Lincoln	"Unnamed Colony"	44° 40' 39" N	124° 4' 31" W	Small nearshore rock north of 243-011; accessible at low tide.	176
243-013	Lincoln	"Unnamed Colony"	44° 40' 39" N	124° 4' 41" W	Rock on north side of Yaquina Head just west of Trespass Cove; attached to headland at low tide.	178
243-014	Lincoln	"Unnamed Colony"	44° 40' 39" N	124° 4' 45" W	Rock on northwest point of headland just east of Colony Rock; attached to headland at low tide.	179
243-015	Lincoln	"Colony Rock"	44° 40' 40" N	124° 4' 49" W	Largest rock at west tip of Yaquina Head; includes large rock and smaller adjoining rock to the east (243-015A).	180
243-016	Lincoln	"Unnamed Colony"	44° 40' 36" N	124° 4' 48" W	Mainland colony; includes most of the western tip of Yaquina Head, extending around headland from 243-011 to 243-016.1.	182
243-016.1	Lincoln	"Unnamed Colony"	44° 40' 34" N	124° 4' 43" W	Mainland colony; includes south-facing cliffs and bluffs in "north cove" area of Yaquina Head.	184
243-017	Lincoln	"Flat Top Rock"	44° 40' 35" N	124° 4' 50" W	Large rock at south west tip of Yaquina Head; thin covering of soil.	185

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
243-018	Lincoln	"Lion's Head Rock"	44° 40' 31" N	124° 4' 44" W	Large, grassy topped rock with vertical sides inside "north cove" area; west of beach stairs.	187
243-019	Lincoln	"Seal Rock"	44° 40' 26" N	124° 4' 43" W	Large, flat (15' high) unvegetated rock; harbor seal haulout site.	188
243-020	Lincoln	"Unnamed Colony"	44° 40' 24" N	124° 4' 37" W	Two large rocks, "east" and "west", located at the east end of cobble beach; accessible at low tide.	189
243-021	Lincoln	"Unnamed Colony"	44° 40' 22" N	124° 4' 15" W	Mainland colony; rocky cliffs and bluffs along the south face of Yaquina Head from near 243-020 eastward to the beach.	190
243-011C	Lincoln	"Yaquina Head Complex"			Historical information for colonies 243-011 to 243-021 combined	192
243-021.1	Lincoln	"Yaquina Bay Bridge"	44° 37' 18" N	124° 3' 21" W	Highway 101 bridge over Yaquina River, and adjacent navigation aids and structures.	194
243-021.2	Lincoln	"Newport Bay Front"	44° 37' 53" N	124° 2' 44" W	All buildings, structures and navigation aids from the U.S. Coast Guard station to the Port of Newport Shipping Terminal out to the navigation channel.	196
243-021.3	Lincoln	"Hatfield Marine Science Center"	44° 37' 29" N	124° 2' 45" W	All docks, structures and navigation aids adjacent to the Hatfield Marine Science Center and the former Oregon Aqua Foods facility.	197
243-021.4	Lincoln	"Unnamed Colony"	44° 34' 37" N	124° 4' 10" W	Mainland colony; sandy bluffs from Henderson Creek to Thiel Creek.	198
243-021.5	Lincoln	"Unnamed Colony"	44° 33' 17" N	124° 4' 21" W	Mainland colony; sandy bluffs from Thiel Creek to Lost Creek	198
243-021.6	Lincoln	"Unnamed Colony"	44° 30' 29" N	124° 4' 52" W	Mainland colony; sandy bluffs beginning south of Beaver Creek mouth and extending southward to Seal Rock State Wayside.	200
243-021.7	Lincoln	"Unnamed Colony"	44° 30' 1" N	124° 5' 4" W	Tall rock with some vegetation on top, north of Seal Rock State Wayside.	200
243-021.8	Lincoln	"Unnamed Colony"	44° 35' 33" N	124° 1' 14" W	Mainland colony in conifer trees on south bank of Yaquina River slightly upstream of Weiser Point.	200

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
243-022	Lincoln	"Elephant Rock"	44° 29' 45" N	124° 5' 7" W	Large rock and adjacent mainland area just south of Seal Rock State Wayside.	202
243-022.1	Lincoln	"Unnamed Colony"	44° 29' 36" N	124° 5' 4" W	Mainland colony; sandstone bluffs below highway between 243-022 and 243-024 south of Seal Rock State Wayside.	202
243-023	Lincoln	"Unnamed Colony"	44° 29' 35" N	124° 5' 12" W	Northern cluster of rocks at Seal Rocks. Birds nest on landward rocks.	203
243-024	Lincoln	"Unnamed Colony"	44° 29' 28" N	124° 5' 10" W	Southern cluster of rocks at Seal Rocks. Birds nest on outermost, 25' high rock.	203
243-022C	Lincoln	"Seal Rocks Complex"			Historical information for colonies 243-022 to 243-024 combined	203
243-024.1	Lincoln	"Unnamed Colony"	44° 29' 4" N	124° 5' 3" W	Mainland colony; includes large rock accessible at low tide at tip of headland just south of Seal Rock, and bluffs from headland south to Squaw Creek.	204
243-024.2	Lincoln	"Unnamed Colony"	44° 28' 21" N	124° 4' 59" W	Mainland colony; includes sandy bluffs from Squaw Creek to Buckley Creek.	204
243-024.3	Lincoln	"Unnamed Colony"	44° 27' 18" N	124° 4' 59" W	Mainland colony; includes sandy bluffs from Buckley Creek to northern Bayshore beach access.	204
243-024.4	Lincoln	"Alsea Bay Bridge"	44° 25' 54" N	124° 4' 15" W	Old bridge, demolished in 1991, and new bridge constructed 1991/92.	206
243-024.5	Lincoln	"Cleft-In-The-Rock"	44° 17' 34" N	124° 6' 49" W	Flat basalt rock separated from mainland by channel; small grassy knob on rock.	208
243-024.6	Lincoln	Big Stump Beach	44° 24' 6" N	124° 5' 15" W	Mainland colony; includes small section of sandy bluff.	206
243-025	Lincoln	Cape Perpetua	44° 17' 12" N	124° 6' 56" W	Mainland colony; includes tip of Cape Perpetua below and above Highway 101.	208
243-025.1	Lane	Gwynn Knoll	44° 14' 48" N	124° 6' 55" W	Mainland colony; bluffs around northern cove on Gwynn Knoll.	210
243-025.2	Lane	"Unnamed Colony"	44° 13' 12" N	124° 6' 51" W	Mainland colony; sandy bluffs from Stonefield Beach State Wayside to northern border of Squaw Creek State Wayside.	210
243-025.3	Lane	"Heceta Head North"	44° 8' 31" N	124° 7' 33" W	Mainland colony; extends from beach to northern limit of 243-027.	210

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
243-025.4	Lane	Captain Cook Point	44° 16' 29" N	124° 6' 50" W	Mainland colony; rock shelf area at Captain Cook point.	212
243-025.5	Lane	Strawberry Hill	44° 15' 25" N	124° 6' 43" W	Rock north of Strawberry Hill beach access.	212
243-026	Lane	"Unnamed Colony"	44° 8' 27" N	124° 7' 37" W	25' high sloping rock at border between 243-025.3 and 243-027.	214
243-027	Lane	Heceta Head	44° 8' 22" N	124° 7' 38" W	Mainland colony; includes cliffs and bluffs between 243-025.3 and Conical Rock.	214
243-028	Lane	Conical Rock	44° 8' 18" N	124° 7' 45" W	125' high rock joined to mainland just north of lighthouse; some grass on top.	216
243-028.1	Lane	"Heceta Head South"	44° 8' 11" N	124° 7' 41" W	Mainland colony, extends from Conical Rock to beach at Devils Elbow State Park.	217
243-029	Lane	"Blast Rock"	44° 8' 10" N	124° 7' 42" W	80' high, sparsely vegetated rock due south of lighthouse. Joined to mainland at low tide.	218
243-030	Lane	"Parrot Rock"	44° 8' 7" N	124° 7' 43" W	75' high rock with soil on eastern slope; immediately south of "Blast Rock."	219
243-026C	Lane	"Heceta Head Complex"			Historical information for colonies 243-025.3 to 243-030 combined	221
243-031	Lane	Devils Elbow	44° 7' 57" N	124° 7' 30" W	Mainland colony; includes cliffs and bluffs between Cape Creek and Cape Cove.	222
243-032	Lane	"Unnamed Colony"	44° 7' 33" N	124° 7' 36" W	Spire-like projection at end of basalt peninsula; connected to mainland during most tides.	224
243-033	Lane	"Sea Lion Caves Headlands"	44° 7' 25" N	124° 7' 39" W	Mainland colony; bluffs and cliffs from beach beginning at south end of Cape Cove and extending south to Horse Creek.	224
243-034	Lane	"Unnamed Colony"	44° 7' 5" N	124° 7' 31" W	Mainland colony; includes a small section of cliffs south of Horse Creek.	226
243-035	Lane	Cox Rock	44° 6' 39" N	124° 7' 35" W	100' high rock with sparse vegetation; very close to mainland.	227
243-036	Lane	"Cox Rock Mainland"	44° 6' 41" N	124° 7' 31" W	Mainland colony adjacent to and extending north and south of Cox Rock.	228
243-035C	Lane	"Cox Rock Complex"			Historical information for colonies 243-035 to 243-036 combined	229

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-000.1	Lane	"Siuslaw River Trees"	43° 57' 54" N	124° 5' 45" W	Mainland colony; trees at east end of mudflat on south side of Siuslaw River, just east of the Highway 101 bridge.	232
270-000.2	Douglas	Bolon Island	43° 42' 42" N	124° 6' 9" W	Mainland colony; trees within Bolon Island Tideways State Wayside bordering the Umpqua River west of Highway 101 bridge.	234
270-000.3	Douglas	"Unnamed Colony"	43° 41' 32" N	124° 10' 3" W	Mainland colony; conifer trees on south bank of Umpqua River just downstream from Jerden Cove.	236
270-000.4	Coos	"Unnamed Colony"	43° 26' 31" N	124° 13' 1" W	Mainland colony; includes tall conifers on south bank of Haynes Inlet at southwest end of Conde B. McCullough State Wayside.	238
270-000.5	Coos	"Unnamed Colony"	43° 25' 34" N	124° 13' 21" W	Large power line towers and dolphins adjacent to Conde B. McCullough Memorial Bridge, North Bend.	238
270-001	Coos	Sitka Dock	43° 22' 37" N	124° 17' 49" W	Pilings and dock structures at Sitka Dock, Coos Bay.	240
270-002	Coos	Coos Head	43° 20' 60" N	124° 20' 10" W	Mainland colony; includes cliffs and rocks at Coos Head.	240
270-003	Coos	"Charleston Bridge"	43° 20' 20" N	124° 19' 17" W	Bridge structure and nearby aids to navigation.	242
270-004	Coos	Chiefs Island	43° 20' 34" N	124° 22' 34" W	Finger-like island, connected to mainland by footbridge, including section at north end separated by surge channel. Supports USCG lighthouse.	242
270-004.1	Coos	"Unnamed Colony"	43° 20' 45" N	124° 22' 40" W	Two barren rocks northwest of 270-004.	244
270-004.2	Coos	"Unnamed Colony"	43° 20' 24" N	124° 22' 28" W	Mainland colony; trees on mainland west and east of the south end of footbridge leading to Chief's Island.	244
270-005	Coos	"Unnamed Colony"	43° 20' 34" N	124° 22' 42" W	Group of four rocks immediately west of 270-004.	244
270-006	Coos	Qochyax (Squaw) Island	43° 20' 16" N	124° 22' 40" W	Island with forested top, joined to mainland at low tide.	245
270-004C	Coos	"Gregory Point Complex"			Historical information for colonies 270-004 to 270-006 combined	245
270-006.1	Coos	"Sunset Bay North"	43° 20' 11" N	124° 22' 34" W	Mainland colony; cliffs northwest of entrance to Sunset Bay.	246
270-007	Coos	"Unnamed Colony"	43° 19' 52" N	124° 22' 44" W	Mainland colony; cliffs just north of Norton Gulch.	246

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-008	Coos	"OIMB Cormorant Colony"	43° 19' 54" N	124° 22' 52" W	40' high rock connected to mainland at low tide; grass and small conifers on top.	246
270-008.1	Coos	"Unnamed Colony"	43° 19' 50" N	124° 23' 2" W	Mainland colony; bluffs just west of 270-008.	247
270-008.2	Coos	"Shore Acres"	43° 19' 21" N	124° 23' 19" W	Mainland colony; south side of cove at Shore Acres Botanical Gardens.	248
270-008.3	Coos	"Unnamed Colony"	43° 19' 0" N	124° 24' 12" W	Tall rock northnorthwest of Shell Island.	248
270-008.4	Coos	"Unnamed Colony"	43° 19' 29" N	124° 23' 16" W	Mainland colony; cliffs just north of Shore Acres Observatory.	248
270-009	Coos	Shell Island	43° 18' 48" N	124° 24' 6" W	Tallest island (50' high) in Simpson Reef system, with large fan-shaped beach of broken shells on east side.	250
270-009.1	Coos	"Unnamed Colony"	43° 18' 46" N	124° 23' 47" W	Mainland colony; cliffs in broad cove east of Shell Island below public viewpoint.	250
270-009.2	Coos	"Unnamed Colony"	43° 17' 35" N	124° 23' 26" W	Mainland colony; cliffs bordered on north by landslide; immediately west of word "Devils" on 7.5 minute quad.	252
270-009.3	Coos	"Unnamed Colony"	43° 17' 51" N	124° 23' 32" W	Mainland colony located north of 270-009.2; on 7.5 minute quad, located between the "E" and "N" of the word "SEVEN" in Seven Devils.	252
270-010	Coos	"Unnamed Colony"	43° 17' 14" N	124° 23' 18" W	Mainland colony; bluffs and rocks just north of Big Devil Gulch.	252
270-011	Coos	"Unnamed Colony"	43° 16' 58" N	124° 23' 13" W	Mainland colony at mouth of Cave Creek.	253
270-012	Coos	"Unnamed Colony"	43° 16' 37" N	124° 23' 15" W	Mainland colony; bluffs approximately 1/4 mile north of Sacchi Beach.	254
270-012.1	Coos	"Moore Mill Dock"	43° 7' 27" N	124° 24' 32" W	Abandoned dock at Moore Mill near Bandon boat basin.	255
270-012.2	Coos	"Moore Mill Warehouse"	43° 7' 18" N	124° 24' 38" W	Abandoned pilings and dock structure destroyed in 2003.	255
270-013	Coos	"Unnamed Colony"	43° 7' 10" N	124° 26' 1" W	Group of rocks between Coquille River south jetty and Table Rock.	256
270-014	Coos	Table Rock	43° 7' 5" N	124° 26' 15" W	Large, flat 82' high vegetated rock south of Coquille River mouth.	258
270-014.1	Coos	"Unnamed Colony"	43° 7' 4" N	124° 26' 30" W	Small, 15' high rock just west of Table Rock.	259

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-015	Coos	"North Coquille Point Rock"	43° 6' 56" N	124° 26' 28" W	Northwesternmost of three large rocks off tip of Coquille Point; 60' high with no soil or vegetation.	259
270-016	Coos	"Middle Coquille Point Rock"	43° 6' 52" N	124° 26' 20" W	Large rock (85' tall) with soil and vegetation on top directly west of tip of Coquille Point; connected to mainland at low tide.	260
270-016.1	Coos	Coquille Point	43° 6' 51" N	124° 26' 14" W	Rock attached to mainland at tip of Coquille Point.	261
270-017	Coos	"Unnamed Colony"	43° 6' 50" N	124° 26' 24" W	Small rock westsouthwest of Middle Coquille Point Rock; no soil or vegetation.	262
270-018	Coos	"Elephant Rock"	43° 6' 46" N	124° 26' 17" W	Southernmost of three large rocks off west tip of Coquille Point; deep soil, well-vegetated and connected to mainland by sand at low tide.	263
270-019	Coos	Cat and Kittens Rock	43° 6' 29" N	124° 26' 39" W	Low-lying group of rocks with no vegetation southwest of Coquille Point; tallest rock 45' high.	264
270-019.1	Coos	"Unnamed Colony"	43° 6' 24" N	124° 26' 18" W	Flat-topped, 50' high pillar with some vegetation on top northwest of Grave Point.	265
270-020	Coos	Face Rock	43° 6' 20" N	124° 26' 31" W	110' tall rock that resembles a human face in profile when viewed from the mainland.	265
270-020.1	Coos	"Grave Point Rock"	43° 6' 17" N	124° 26' 11" W	70' high rock at Grave Point with deep sandy soil on top. Covered with dense grasses and lupines; accessible from mainland at high tide.	267
270-020.2	Coos	"Unnamed Colony"	43° 6' 12" N	124° 26' 7" W	40' high rocky spire southeast of Grave Point Rock.	267
270-021	Coos	Haystack Rock	43° 5' 10" N	124° 26' 21" W	Large, gently sloping 107' high rock, covered with low vegetation.	268
270-021.1	Coos	"Unnamed Colony"	43° 5' 12" N	124° 26' 16" W	Small rock northeast of Haystack Rock.	268
270-021.2	Coos	"Monkey Rock"	43° 5' 8" N	124° 26' 18" W	30' high pillar-like rock on southeast side of Haystack Rock; small amount of vegetation on top. Accessible at mid- to low tides.	269
270-022	Curry	"Blacklock Point Rocks"	42° 52' 32" N	124° 32' 19" W	Group of rocks at tip of Blacklock Point, including one rock near shore well south of the point; excludes Tower Rock.	272

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-022.1	Curry	"Unnamed Colony"	42° 52' 28" N	124° 32' 48" W	Low rock southwest of Tower Rock.	272
270-023	Curry	Tower Rock	42° 52' 33" N	124° 32' 40" W	113' high rock west of Blacklock Point; very sparse vegetation on top.	273
270-022C	Curry	"Blacklock Point Complex"			Historical information for colonies 270-022 to 270-023 combined	274
270-023.1	Curry	"Unnamed Colony"	42° 51' 60" N	124° 32' 15" W	60' high rock near beach at low tide.	275
270-024	Curry	Castle Rock	42° 51' 23" N	124° 32' 51" W	Large rock at mouth of Sixes River; sparsely vegetated and accessible at low tide.	276
270-025	Curry	"Unnamed Colony"	42° 51' 21" N	124° 33' 9" W	Small rock farthest west of Castle Rock.	276
270-026	Curry	"Unnamed Colony"	42° 51' 22" N	124° 32' 56" W	Group of rocks immediately west of (adjacent to) Castle Rock.	277
270-024C	Curry	"Sixes Rivers Complex"			Historical information for colonies 270-024 to 270-026 combined	278
270-027	Curry	Gull Rock	42° 51' 2" N	124° 33' 27" W	Very large group of rocks southwest of Castle Rock; patchy vegetation.	279
270-027.1	Curry	"Unnamed Colony"	42° 50' 27" N	124° 33' 13" W	Unvegetated rock connected to mainland at low tide.	281
270-027.2	Curry	"Cape Blanco North"	42° 50' 26" N	124° 33' 53" W	Rock connected to north tip of Cape Blanco at low tide.	281
270-027.3	Curry	"Unnamed Colony"	42° 50' 14" N	124° 34' 7" W	Rock with arch west of Cape Blanco; accessible at low tides.	281
270-027.4	Curry	"Cape Blanco Southwest"	42° 50' 6" N	124° 33' 55" W	Mainland colony; cliffs on southwest corner of Cape Blanco.	282
270-027.5	Curry	"Unnamed Colony"	42° 50' 1" N	124° 33' 55" W	40' high rock with sparse vegetation connected to southwest tip of Cape Blanco at low tide.	282
270-028	Curry	Needle Rock	42° 49' 58" N	124° 33' 29" W	125' high rock spire connected to mainland at low tide; patchy vegetation.	282
270-029	Curry	Best Rock	42° 47' 27" N	124° 35' 45" W	Large rock in northeast corner of the Orford Reef group; sparse vegetation on top.	283
270-030	Curry	Long Brown Rock	42° 47' 29" N	124° 36' 22" W	Large unvegetated rock in the northwest corner of the Orford Reef group; Steller sea lion rookery.	284

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-031	Curry	"Unnamed Colony"	42° 47' 27" N	124° 35' 49" W	Unvegetated, 75' high rock adjacent to west side of Best Rock.	286
270-032	Curry	Square White Rock	42° 47' 18" N	124° 36' 18" W	100' high, unvegetated rock.	287
270-033	Curry	Seal Rock	42° 47' 13" N	124° 35' 41" W	Unvegetated rock south of Best Rock; Steller sea lions often present.	287
270-034	Curry	Conical White Rock	42° 46' 58" N	124° 35' 60" W	30' high unvegetated rock.	287
270-035	Curry	West Conical Rock	42° 46' 39" N	124° 36' 4" W	60' high unvegetated rock at south end of Orford Reef group.	289
270-036	Curry	Arch Rock	42° 46' 42" N	124° 35' 51" W	120' high sparsely-vegetated rock.	289
270-029C	Curry	"Orford Reef Complex"			Historical information for colonies 270-029 to 270-036 combined	290
270-037	Curry	Klooqueh Rock	42° 44' 30" N	124° 31' 23" W	75' high, very sparsely-vegetated rock west of Port Orford Heads.	292
270-037.1	Curry	"Unnamed Colony"	42° 44' 9" N	124° 30' 51" W	Mainland colony; cliffs and bluffs along the west side of Port Orford Heads.	292
270-037.2	Curry	"Unnamed Colony"	42° 44' 2" N	124° 30' 46" W	Large 110' high rock separated from mainland by narrow channel; sparse vegetation.	293
270-038	Curry	"Unnamed Colony"	42° 43' 59" N	124° 30' 49" W	Small 40' high unvegetated rock just west of 270-037.2.	294
270-039	Curry	Tichenor Rock	42° 43' 50" N	124° 30' 42" W	40' high, very sparsely-vegetated rock south of Hells Gate, Orford Heads.	294
270-040	Curry	"Hells Gate Finger"	42° 43' 59" N	124° 30' 39" W	Finger of rock projecting from Orford Heads; just north of Tichenor Rock.	295
270-040.1	Curry	"Unnamed Colony"	42° 44' 8" N	124° 30' 31" W	Mainland colony; cliffs extending from large cave northeast of Hells Gate to Nellies Cove.	295
270-040.2	Curry	"Nellies Cove Rocks"	42° 44' 13" N	124° 30' 27" W	Three rocks in Nellies Cove; two north rocks connected to mainland by concrete wall.	295
270-040.3	Curry	Nellies Point	42° 44' 15" N	124° 30' 23" W	Mainland colony; cliffs on west side of Nellies Point.	296
270-040.4	Curry	"Unnamed Colony"	42° 44' 26" N	124° 29' 46" W	Small 20' high unvegetated rock midway between Port Orford docks and Battle Rock.	296

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-040.5	Curry	Battle Rock	42° 44' 29" N	124° 29' 36" W	Large rock connected to mainland. Heavily vegetated including pines, coyote brush and poison oak; easily accessible.	296
270-040.6	Curry	"Unnamed Colony"	42° 44' 7" N	124° 29' 3" W	Small rock just north of 270-041.	297
270-041	Curry	"Unnamed Colony"	42° 44' 3" N	124° 29' 3" W	Sparsely-vegetated rock 40' high.	297
270-042	Curry	"Unnamed Colony"	42° 43' 59" N	124° 28' 58" W	Unvegetated rock 40' high; southeast of 270-041.	297
270-043	Curry	Redfish Rocks (Northern)	42° 42' 8" N	124° 28' 28" W	Northernmost rock in Redfish Rocks group; 60' high pillar, very sparse vegetation.	298
270-044	Curry	Redfish Rocks (Northwestern)	42° 42' 4" N	124° 28' 44" W	Northwesternmost rock in Redfish Rocks group; 90' tall with very sparse vegetation.	300
270-045	Curry	Redfish Rocks (East Central)	42° 41' 56" N	124° 28' 24" W	125' high rock, sparsely vegetated.	301
270-046	Curry	Redfish Rocks (West Central)	42° 41' 48" N	124° 28' 36" W	75' high unvegetated rock.	302
270-047	Curry	Redfish Rocks (Southern)	42° 41' 40" N	124° 28' 28" W	Southernmost pair of rocks in Redfish Rocks group; 75' high rock with sparse vegetation at east end and unvegetated rock directly south.	302
270-043C	Curry	"Redfish Rocks Complex"			Historical information for colonies 270-043 to 270-047 combined	303
270-047.1	Curry	"Unnamed Colony"	42° 40' 47" N	124° 27' 1" W	Mainland colony; cliffs on north and west side of Humbug Mountain.	304
270-047.2	Curry	"Unnamed Colony"	42° 40' 31" N	124° 27' 8" W	Largest rock at west end of Humbug Mountain.	304
270-047.3	Curry	"Unnamed Colony"	42° 40' 21" N	124° 26' 42" W	Group of two rocks on south side of Humbug Mountain.	304
270-048	Curry	"Unnamed Colony"	42° 40' 10" N	124° 28' 39" W	Small rock 75' high just northwest of Island Rock; little vegetation.	305
270-049	Curry	Island Rock	42° 40' 1" N	124° 28' 34" W	Large 200' high rock approximately 1.5 miles offshore from Humbug Mountain; rocky soil and diverse vegetation.	306
270-048C	Curry	"Island Rock Complex"			Historical information for colonies 270-048 to 270-049 combined	307
270-050	Curry	"Unnamed Colony"	42° 38' 40" N	124° 24' 51" W	Group of mostly wash rocks off northernmost headland north of Reinhart Creek, just before beach begins.	309

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-051	Curry	"Unnamed Colony"	42° 38' 29" N	124° 24' 51" W	30' high cone with sparse vegetation.	310
270-052	Curry	"Unnamed Colony"	42° 38' 19" N	124° 24' 38" W	Innermost two rocks in a group of four rocks just north of Reinhart Creek. Northern rock is 75' tall; southern rock is 35' tall; both sparsely vegetated.	310
270-053	Curry	"Unnamed Colony"	42° 38' 18" N	124° 24' 41" W	Northwestern rock, 35' tall, in group of four rocks north of Reinhart Creek.	310
270-054	Curry	"Unnamed Colony"	42° 38' 16" N	124° 24' 40" W	Southernmost rock, 35' tall, in group of four rocks north of Reinhart Creek.	311
270-054.1	Curry	Lookout Rock	42° 37' 46" N	124° 24' 22" W	Mainland colony; 450' high rock spire.	312
270-054.2	Curry	"Unnamed Colony"	42° 36' 46" N	124° 24' 14" W	Small conical rock 15' high, off southern end of Arizona Beach.	312
270-054.3	Curry	"Unnamed Colony"	42° 35' 59" N	124° 24' 8" W	Rock north of Sisters Rock north point, with soil and vegetation; connected to mainland at low tide.	312
270-055	Curry	Sisters Rocks (North Point)	42° 35' 36" N	124° 24' 28" W	Largest and northernmost of Sisters Rocks; connected to mainland.	314
270-056	Curry	Sisters Rocks (South Point)	42° 35' 29" N	124° 24' 17" W	Southeast of 270-055; connected to mainland.	314
270-057	Curry	Sisters Rocks (Island)	42° 35' 26" N	124° 24' 31" W	200' high rock southwest of 270-055 and 270-056; some vegetation, including grasses and ferns.	316
270-058	Curry	"Unnamed Colony"	42° 35' 20" N	124° 23' 57" W	Group of unvegetated rocks south of Frankport and north of O'Brien Creek.	317
270-058.1	Curry	"Unnamed Colony"	42° 35' 3" N	124° 23' 49" W	Taller (southern) rock of two rocks south of Colony 270-058	317
270-059	Curry	Devils Backbone	42° 34' 39" N	124° 23' 42" W	Large rock connected to mainland south of O'Brien Creek.	317
270-060	Curry	"Unnamed Colony"	42° 29' 52" N	124° 26' 25" W	Two 12' high rocks offshore from Nesika Beach.	318
270-061	Curry	"Unnamed Colony"	42° 29' 43" N	124° 25' 26" W	Several clusters of rocks between Nesika Beach and Wakeman Beach. Largest rock is flat-topped.	318
270-061.1	Curry	"Unnamed Colony"	42° 29' 45" N	124° 25' 21" W	Mainland colony; first rocky headland south of Nesika Beach.	318
270-061.2	Curry	"Unnamed Colony"	42° 29' 31" N	124° 25' 17" W	Mainland colony; 40' high cliff at Geisel Monument Wayside.	319

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-062	Curry	"Unnamed Colony"	42° 28' 46" N	124° 25' 32" W	Clusters of rocks at Hubbard Mound. Originally included 270-062.1 and 270-062.2; not known why colony was separated.	320
270-062.1	Curry	"Unnamed Colony"	42° 28' 44" N	124° 25' 33" W	Small round rock off Hubbard Mound, approximately 20' high; attached to mainland at low tide.	320
270-062.2	Curry	"Unnamed Colony"	42° 28' 38" N	124° 25' 37" W	50' high rock off the southern tip of Hubbard Mound.	320
270-063	Curry	"Hubbard Mound Rock"	42° 28' 53" N	124° 26' 26" W	Flat-topped rock 25' high, west and north of Hubbard Mound. Originally included smaller rock to the west.	321
270-064	Curry	"Dog Rock"	42° 28' 45" N	124° 26' 20" W	Unvegetated, flat-topped rock 15' high off Hubbard Mound.	322
270-065	Curry	Hubbard Mound	42° 28' 38" N	124° 25' 32" W	Mainland colony; cliffs and bluffs along western face of Hubbard Mound.	323
270-066	Curry	"Unnamed Colony"	42° 28' 24" N	124° 25' 28" W	25' high unvegetated rock southeast of Hubbard Mound.	324
270-060C	Curry	"Hubbard Mound Reef Complex"			Historical information for colonies 270-060 to 270-066 combined	326
270-066.1	Curry	"Unnamed Colony"	42° 28' 3" N	124° 25' 29" W	Cluster of rocks north of Otter Point.	324
270-066.2	Curry	"Unnamed Colony"	42° 27' 54" N	124° 25' 28" W	75' high rock with some vegetation on north side, just north of Otter Point.	324
270-066.3	Curry	Otter Point	42° 27' 49" N	124° 25' 33" W	Mainland colony; cliffs and bluffs of Otter Point.	325
270-067	Curry	Double Rock	42° 26' 58" N	124° 29' 25" W	50' high craggy rock west of Needle Rock in the Rogue River Reef.	328
270-068	Curry	Needle Rock	42° 26' 54" N	124° 29' 2" W	Large rock west of Pyramid Rock in the Rogue River Reef group.	330
270-069	Curry	Pyramid Rock	42° 26' 39" N	124° 28' 10" W	Easternmost large rock in the Rogue River Reef group; major rookery for Steller sea lions.	332
270-067C	Curry	"Rogue River Reef Complex"			Historical information for colonies 270-067 to 270-069 combined	333
270-069.1	Curry	"Unnamed Colony"	42° 20' 21" N	124° 25' 44" W	Mainland colony; cliffs just south of Daniels Creek.	334
270-069.2	Curry	"Unnamed Colony"	42° 19' 59" N	124° 25' 44" W	Mainland colony; cliffs between Daniels Creek and Cape Sebastian.	334

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-070	Curry	"Cape Sebastian North"	42° 19' 33" N	124° 25' 55" W	Mainland colony; small rocky headland and adjacent cliffs to the north at the north end of Cape Sebastian.	334
270-070.1	Curry	"Cape Sebastian South"	42° 19' 10" N	124° 25' 45" W	Mainland colony; cliffs at south end of Cape Sebastian.	335
270-071	Curry	Hunters Island	42° 18' 50" N	124° 25' 33" W	Large island, 105' tall just south of Cape Sebastian.	336
270-072	Curry	Cave Rock	42° 18' 34" N	124° 25' 0" W	Flat, partially vegetated rock north of Myers Creek.	339
270-073	Curry	"Unnamed Colony"	42° 18' 28" N	124° 24' 54" W	50' high rock covered with low vegetation between Cave Rock and Myers Creek mouth; may be joined to mainland on very low tide.	340
270-074	Curry	"Myers Creek Rocks"	42° 18' 7" N	124° 24' 51" W	Cluster of rocks south of Myers Creek mouth; some rocks are vegetated.	340
270-074.1	Curry	"Unnamed Colony"	42° 17' 43" N	124° 24' 42" W	25' high rock in surf zone; joined to beach at low tide.	341
270-075	Curry	"Unnamed Colony"	42° 15' 27" N	124° 24' 56" W	Small rock north of Crook Point and west of 270-076.	344
270-076	Curry	"North Crook Point Rock"	42° 15' 24" N	124° 24' 49" W	Largest vegetated rock north of Crook Point; beach access at low tide. Vegetation includes <i>Juncus</i> , succulents, and figwort.	345
270-077	Curry	"Unnamed Colony"	42° 15' 15" N	124° 24' 48" W	Cluster of rocks north of Crook Point pinnacle; tallest is 50' high.	346
270-078	Curry	Crook Point	42° 15' 7" N	124° 24' 52" W	Mainland colony; Crook Point pinnacle and loose rocks around base.	346
270-079	Curry	Saddle Rock	42° 15' 1" N	124° 24' 55" W	Large, vegetated saddle-shaped rock with deep sandy soils adjacent to the tip of Crook Point.	347
270-075C	Curry	"Crook Point Complex"			Historical information for colonies 270-075 to 270-079 combined	347
270-080	Curry	"Unnamed Colony"	42° 14' 53" N	124° 24' 44" W	122' high rock south of Crook Point.	348
270-081	Curry	"Unnamed Colony"	42° 14' 51" N	124° 24' 38" W	100' high rock with patch of thick grass on top.	348
270-082	Curry	"Unnamed Colony"	42° 14' 55" N	124° 24' 40" W	Group of two rocks: westernmost is 122' tall with sparse vegetation; easternmost is 100' tall with patch of thick grass on top.	349

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-083	Curry	"Unnamed Colony"	42° 14' 43" N	124° 24' 37" W	Group of three rocks: westernmost rock is 120' tall with grass and low vegetation; easternmost is 90' tall and unvegetated.	349
270-083.1	Curry	"Unnamed Colony"	42° 14' 37" N	124° 24' 45" W	Single rock in Mack Reef group southwest of 270-083.	350
270-084	Curry	"Unnamed Colony"	42° 14' 30" N	124° 24' 40" W	Single rock 90' high in Mack Reef group southeast of 270-083.1.	350
270-085	Curry	"Unnamed Colony"	42° 14' 9" N	124° 24' 50" W	Three rocks fairly close together in the southern part of Mack Reef group.	351
270-086	Curry	"Unnamed Colony"	42° 13' 53" N	124° 24' 50" W	Two rocks just north of Mack Arch: western rock is 80' high and unvegetated; eastern rock is probably awash in large swells.	352
270-087	Curry	Mack Arch	42° 13' 41" N	124° 24' 33" W	Very large arched rock at the south end of the Mack Reef group.	353
270-080C	Curry	"Mack Reef Complex"			Historical information for colonies 270-080 to 270-087 combined	354
270-087.1	Curry	"Unnamed Colony"	42° 13' 45" N	124° 23' 21" W	Small flat rock south of Burnt Hill Creek	355
270-087.2	Curry	"Unnamed Colony"	42° 13' 38" N	124° 23' 12" W	35' tall rock at the northern end of Samuel H. Boardman State Park; iceplant on southeast side.	355
270-088	Curry	"Unnamed Colony"	42° 12' 44" N	124° 22' 47" W	20' high rock, mostly awash.	357
270-088.1	Curry	"Unnamed Colony"	42° 12' 36" N	124° 22' 40" W	Mainland colony; rocky headland east of Yellow Rock.	358
270-089	Curry	Yellow Rock	42° 12' 39" N	124° 23' 22" W	Long, yellowish, 99' high rock at the north end of Samuel H. Boardman State Park.	358
270-090	Curry	Arch Rock	42° 12' 21" N	124° 22' 42" W	Arched rock west of Arch Rock viewpoint at north end of Boardman State Park; some vegetation.	359
270-091	Curry	"Unnamed Colony"	42° 12' 18" N	124° 22' 44" W	81' high rock with patchy vegetation just south of Arch Rock.	360
270-091.1	Curry	"Unnamed Colony"	42° 12' 17" N	124° 22' 36" W	Mainland colony; cliffs around Arch Rock viewpoint picnic area	360
270-092	Curry	"Unnamed Colony"	42° 12' 6" N	124° 22' 36" W	80' high rock just north of Spruce Island.	361

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-093	Curry	"Spruce Island"	42° 11' 59" N	124° 22' 37" W	100' tall rock covered with conifers, grass and salal north of Deer Point.	361
270-094	Curry	"Unnamed Colony"	42° 12' 11" N	124° 22' 40" W	Four large rocks north of 270-092.	362
270-095	Curry	"Deer Point Rocks"	42° 11' 45" N	124° 22' 35" W	Two rocks west of Deer Point; largest with thick, low vegetation.	363
270-096	Curry	"Unnamed Colony"	42° 11' 39" N	124° 22' 26" W	Group of rocks south of Deer Point.	363
270-097	Curry	"Unnamed Colony"	42° 11' 26" N	124° 22' 22" W	Two rocks northwest of Natural Bridges.	364
270-097.1	Curry	"Wridge Creek Cove"	42° 11' 29" N	124° 22' 7" W	Mainland colony; cliffs of cove where Wridge Creek meets the ocean.	364
270-097.2	Curry	"Natural Bridges Point"	42° 11' 21" N	124° 22' 8" W	Mainland colony; cliffs on east face of Natural Bridges point.	364
270-098	Curry	"Unnamed Colony"	42° 11' 15" N	124° 22' 5" W	Rock with cave south of Natural Bridges point.	367
270-088C	Curry	"Deer Point Rocks Complex"			Historical information for colonies 270-088 to 270-098 combined	368
270-098.1	Curry	"Unnamed Colony"	42° 11' 11" N	124° 22' 2" W	Rock just south of 270-098.	368
270-098.2	Curry	"Unnamed Colony"	42° 10' 58" N	124° 21' 50" W	Mainland colony; cliffs on south side of headland between Horse Prairie Creek and Spruce Creek.	368
270-099	Curry	"Unnamed Colony"	42° 10' 34" N	124° 22' 9" W	40' tall rock westnorthwest of China Creek mouth.	369
270-100	Curry	"Unnamed Colony"	42° 10' 29" N	124° 21' 55" W	Two rocks north of China Creek mouth.	369
270-100.1	Curry	"Unnamed Colony"	42° 10' 29" N	124° 21' 59" W	Flattened spire westnorthwest of China Creek mouth.	370
270-100.2	Curry	"Unnamed Colony"	42° 10' 29" N	124° 21' 54" W	Middle rock of three pinnacles with flat slope facing south.	370
270-101	Curry	"Unnamed Colony"	42° 10' 23" N	124° 21' 48" W	Pinnacle close to the beach, just south of China Creek mouth.	371
270-102	Curry	"Unnamed Colony"	42° 10' 17" N	124° 21' 55" W	74' high rock covered with low vegetation; adjacent rock awash at high tide.	371
270-103	Curry	"Unnamed Colony"	42° 10' 6" N	124° 22' 1" W	Cluster of rocks, tallest 64' high with barren soil; some rocks awash at high tide.	372
270-103.1	Curry	"Unnamed Colony"	42° 9' 54" N	124° 21' 59" W	Small rock west of Thomas Creek mouth.	372

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-103.2	Curry	"Unnamed Colony"	42° 9' 49" N	124° 21' 49" W	78' high rock with soil and short vegetation south of Thomas Creek mouth.	373
270-103.3	Curry	"Unnamed Colony"	42° 9' 31" N	124° 21' 51" W	Mainland colony; north side of headland south of Thomas Creek mouth.	374
270-104	Curry	"Unnamed Colony"	42° 9' 10" N	124° 21' 58" W	Mainland colony, includes rocks connected to shore by arch.	374
270-105	Curry	"Unnamed Colony"	42° 8' 60" N	124° 21' 53" W	Group of three rocks in cove south of 270-104, including 75' arched rock with sparse vegetation.	374
270-105.1	Curry	"Unnamed Colony"	42° 8' 56" N	124° 21' 48" W	Mainland colony; small point of land just north of 270-106.	375
270-106	Curry	"Unnamed Colony"	42° 8' 52" N	124° 21' 42" W	Large, heavily-vegetated rock 163' high in cove north of Whaleshead Island cove. Vegetated area is approximately 1 acre; deep soil on northeast corner.	376
270-107	Curry	"Unnamed Colony"	42° 8' 44" N	124° 21' 40" W	Mainland colony, includes cliffs and bluffs on headland north of Whaleshead Island cove.	377
270-108	Curry	Whaleshead Island	42° 8' 31" N	124° 21' 34" W	144' high vegetated rock that appears pyramidal from shore.	377
270-109	Curry	"Whaleshead Cove" (East Rock)	42° 8' 23" N	124° 21' 40" W	Grass-covered, easternmost of two large rocks in Whaleshead Cove (270-110 in Pitman et al 1985).	378
270-110	Curry	"Whaleshead Cove" (West Rock)	42° 8' 19" N	124° 21' 46" W	Large western rock in Whaleshead Cove; vegetated on NW area of top.	380
270-109C	Curry	"Whaleshead Cove Complex"			Historical information for colonies 270-109 to 270-110 combined	381
270-111	Curry	"Unnamed Colony"	42° 7' 27" N	124° 21' 17" W	Mainland colony; small knob of land north of House Rock Creek headland.	382
270-112	Curry	"Unnamed Colony"	42° 6' 50" N	124° 21' 28" W	Group of rocks west of House Rock Creek headland; largest rock sparsely vegetated.	382
270-113	Curry	Barnacle Rock	42° 6' 39" N	124° 21' 59" W	28' high rock north of House Rock; probably awash in large swells.	383
270-114	Curry	House Rock	42° 6' 32" N	124° 22' 2" W	109' high rock northwest of Cape Ferrelo; ferns in crevices.	384

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-114.1	Curry	"Unnamed Colony"	42° 5' 58" N	124° 20' 58" W	Flat-topped, sparsely vegetated rock on south side of Cape Ferrelo; connected to mainland at low tide.	386
270-115	Curry	Twin Rocks (East)	42° 5' 35" N	124° 20' 59" W	128' high rock, sparsely vegetated; eastern rock of twin rocks (270-116 in Pitman et al. 1985).	386
270-116	Curry	Twin Rocks (West)	42° 5' 30" N	124° 21' 6" W	101' high rock with very sparse vegetation; western rock of twin rocks (270-115 in Pitman et al. 1985).	388
270-115C	Curry	"Twin Rocks Complex"			Historical information for colonies 270-115 to 270-116 combined	389
270-117	Curry	"Unnamed Colony"	42° 5' 29" N	124° 20' 43" W	Cluster of rocks; westernmost rock 75' high, sparsely vegetated, south of Lone Ranch beach.	390
270-118	Curry	"Unnamed Colony"	42° 5' 25" N	124° 20' 26" W	Cluster of rocks north of Rainbow Island; largest rock is a flat-topped pillar with low vegetation.	391
270-119	Curry	Rainbow Island	42° 5' 6" N	124° 20' 14" W	100' high dome-shaped rock with very sparse vegetation.	391
270-120	Curry	"Unnamed Colony"	42° 5' 5" N	124° 19' 55" W	Cluster of rocks between Rainbow Island and Rainbow Rock.	392
270-121	Curry	White Rock	42° 4' 42" N	124° 20' 20" W	70' high rock with very sparse vegetation.	392
270-122	Curry	"Unnamed Colony"	42° 4' 49" N	124° 19' 39" W	Cluster of three rocks southwest of Taylor Creek mouth.	393
270-123	Curry	Goat Island	42° 3' 57" N	124° 19' 21" W	Very large vegetated island 212' high, west of Harris Beach State Park.	396
270-124	Curry	"Unnamed Colony"	42° 3' 54" N	124° 19' 10" W	Small rock east of Goat Island.	399
270-125	Curry	"Unnamed Colony"	42° 3' 55" N	124° 18' 47" W	110' high arched rock with shrubby vegetation on top.	399
270-125.1	Curry	"Unnamed Colony"	42° 3' 58" N	124° 18' 41" W	Tall spire, connected to mainland at low tide, with thick vegetation on top and west side.	400
270-126	Curry	"Unnamed Colony"	42° 3' 51" N	124° 18' 37" W	Cluster of rocks at Harris Beach State Park; tallest rock has vegetation on top and is connected to mainland by spit; heavy foot traffic.	400

<i>Colony Number</i>	<i>County</i>	<i>Colony Name</i>	<i>Latitude</i>	<i>Longitude</i>	<i>Description</i>	<i>Page</i>
270-127	Curry	"Unnamed Colony"	42° 3' 24" N	124° 18' 9" W	90' tall rock with vegetation on top; tall rock is 270-127; remaining cluster is 270-128.	401
270-128	Curry	"Unnamed Colony"	42° 3' 20" N	124° 18' 10" W	Cluster of rocks extending from Ransom Creek to headland north of Zwagg Island.	401
270-128.1	Curry	"Unnamed Colony"	42° 3' 14" N	124° 17' 59" W	Mainland colony; cliffs in cove southeast of 270-127.	401
