Matt: Yes, I think it's important for Realty to be involved in the dialogue, so we're happy to join. We have several parcels that could serve as an exchange, but as I suggested on our call, the next steps are to ensure the Pink House folks have the \$ available - and to then get an official Yellow Book appraisal so we know exactly what \$ value we're trying to attain. Please send along the meeting info to me and Bill once a time is set.

Thanks

Subject: Meeting with Pink House group

Hi Mark and Bill,

Thanks again for your time with all things Pink House land swap. I wanted to make you aware that Congressman Moulton's office is keen on setting up a meeting between us and the Pink House group to walk through next steps. The tentative date/time is **September 25 at 2:00pm**. My hope is that prior to this call we will have identified alternative parcel(s) for a more comparable land exchange (or, if not, just describe what such process may look like for them).

Would one or both of you be available for this meeting (if indeed this would be the time to bring you in)?

Thank you,

Matt
