Bill:

I will start the appraisal request today and when I go into the Regional Office Monday, I will grab the old appraisal which will have all the house specs in it. I know you have had discussions with Mike about cutting out the house and one acre from the main lot and leaving the remainder with the refuge. I will also need to request an Appraisal map.

Hi Bill,

Signed copy, attached. Now, let the real work begin! They have just asked me again that we expedite this, as they don't want their restoration partner to wait another year before transfer. I said we would ask but we do not manage AVSO, and they are already backlogged, as you stated on our last call.

Enjoy the weekend,

Matt
