I'll take a look to see if I can find them...and will let you know. Yah, the building was not in great shape back then, that's for sure.

I LOVED driving vans and buses! Good luck with the CDL -- our GAOA staff had to go through that, too, and it was a long and arduous process for them.

Matt -- it would actually be enormously helpful if you could locate those interior Pink House photos in time for my public forum on Monday. There is a narrative out there that suggests the house was in great shape when we purchased it, and it only deteriorated in the past decade under FWS ownership. Of course any abandoned structure deteriorates rapidly, but I think 2015-era interior images would help for perspective.

If you can't no problem.

Thanks RP!
