

| Service Region | Lead State | Project Title*  | SWG Federal Share      | Non-Federal Match**    | Total Project Cost     |
|----------------|------------|---|------------------------|------------------------|------------------------|
| 1              | CNMI       | Assessment of climate change vulnerability for Species of Greatest Conservation Need    | \$ 147,727.00          | \$ -                   | \$ 147,727.00          |
| 1              | GU         | Conserving Guam's endangered Slevin's skink on Cocos Island                             | \$ 494,276.61          | \$ -                   | \$ 494,276.61          |
| 1              | HI         | Establishing a second population of the endangered 'ākohekohe                           | \$ 499,951.00          | \$ 166,651.00          | \$ 666,602.00          |
| 1              | HI         | Restoring 'ālalā ( <i>Corvus hawaiiensis</i> ) to the wild on Hawai'i Island            | \$ 741,300.00          | \$ 247,100.00          | \$ 988,400.00          |
| 1              | HI         | Last Call for Kāhuli  | \$ 250,000.00          | \$ 83,335.00           | \$ 333,335.00          |
| 1              | HI         | Improving restoration outcomes for Hawai'ian picture-wing <i>Drosophila</i>             | \$ 305,023.00          | \$ 101,663.00          | \$ 406,686.00          |
| 1              | HI         | Collection of 'anianiau from the wild to build an insurance population                  | \$ 743,341.00          | \$ 286,978.00          | \$ 1,030,319.00        |
| 1              | WAFWA      | Expanding the Motus network in the Pacific and intermountain western U.S.***            | \$ 841,885.00          | \$ 336,084.00          | \$ 1,177,969.00        |
| 3              | IA         | Bat Conservation in Iowa and Illinois, 2025 through 2027                                | \$ 500,000.00          | \$ 168,430.00          | \$ 668,430.00          |
| 3              | MI         | Assessment and conservation of Blanding's and spotted turtles in Michigan and Ohio      | \$ 499,952.00          | \$ 183,637.00          | \$ 683,589.00          |
| 3              | MN         | Enhancing digital access to Minnesota's Wildlife Action Plan                            | \$ 148,500.00          | \$ 49,500.00           | \$ 198,000.00          |
| 3              | WI         | Habitat enhancement for Species of Greatest Conservation Need                           | \$ 500,000.00          | \$ 166,668.00          | \$ 666,668.00          |
| 4              | NC         | An integrative conservation assessment of SGCN crayfishes                               | \$ 748,618.00          | \$ 271,523.00          | \$ 1,020,141.00        |
| 4              | SC         | Characterizing the suitability of salt marsh habitat for spawning horseshoe crabs       | \$ 499,786.00          | \$ 191,848.00          | \$ 691,634.00          |
| 6              | NE         | Breeding and migration ecology of at-risk birds and bats in the Missouri River Corridor | \$ 500,000.00          | \$ 166,704.00          | \$ 666,704.00          |
| <b>Totals:</b> |            |   | <b>\$ 7,420,359.61</b> | <b>\$ 2,420,121.00</b> | <b>\$ 9,840,480.61</b> |

\* Project titles may be abbreviated in this table. See Attachment 1 for the full project titles.

\*\* Cost-sharing requirements are waived for the Commonwealth of the Northern Mariana Islands and the Territories of American Samoa, Guam, and the U.S. Virgin Islands.

\*\*\*Partial award.
