Hello Jennifer and Ralph,

In preparation for reauthorizing the aquaculture lease off Dungeness Spit (which expires July 31, 2017), DNR will be conducting a site visit as part of our habitat stewardship review. I'd like to invite both of you to attend this visit if you're available.

We are tentatively scheduled to be out there on Monday, June 12<sup>th</sup>. Low tide is at -1.1 at 11:49. Please let me know if you're interested in attending and if this date will work for either of you.
