Importance: High

Hi there Curtis,

I've been working with Jennifer on our comments for the Jamestown S'Klallam Tribe's commercial aquaculture permit and borrowed heavily from Ryan's excellent Biological Opinion.

Jennifer mentioned that you or someone in your office might be able to help me locate some missing refs that were originally in Ryan's Biol Op. If so, Thank You! I'd really like to make sure the record is complete as soon as possible and was able to track down most online, but the remaining 9 in the attached list are quite cagey ;) Any help would be most appreciated!

Best,
Sue
