I can connect to the VPN, but cannot get in to the server. So I can't look for that map. Its been at least two months since I've called IT, so I guess I'm overdue ;) I'm sure they've missed me...

Did Julie make a pdf of the eelgrass map? I am only seeing copies of the shorebird/waterfowl map. I think that map is so cool (fall-down cool) - I wanted to share it with Charlie.
