Subject: [EXTERNAL] JST Dung Bay permit and data review
Date: Wednesday, November 28, 2018 10:18:21 AM
Importance: High

Hello Jennifer and Lorenz,

I want to let you know that we have just learned that USACE is going to Public Notice for the Tribe's Dungeness Bay permit application. Meanwhile, the County has rescheduled our local SHR permit continued Hearing for Feb 7th. We would like to go over the permit application with you if that's helpful, and in particular, share the information we have gathered – including a review of USFWS data you provided.

Liz and I are available on Dec 6th, 10th, afternoon of 11th, 18th or 20th. We hope that one of these times will work for you, and please extend the invitation to Sue Thomas. Once we find a date/time that works, we can settle on a location. Thanks, Hansi
