Good Afternoon,

To follow-up on our phone conversation last week, the Corps is proposing a meeting with Jamestown S'Klallam Tribe's natural resource staff to discuss your application to cultivate 53 acres of tidelands within Dungeness National Wildlife Refuge. Our Tribal Liaison, Lori Morris, and Section Chief, Matt Bennett will be joining me. You also suggested including the Refuge Project Leader. I have copied this email to Jennifer for her consideration.

We are available on Friday, March 25. Perhaps at 10:30 to allow us travel time.

Please let me know if this time would work for you.

Pam
