Hi Jennifer,

Take a look at this version. I tried your suggestion of symbolizing the easement area with a dotted line but it was visually confusing alongside the use zone boundaries, especially the narrow area leading to Graveyard Spit. Focusing in on the area seemed to help, so I did that and added a location map to help give that geographic context you thought might be needed. Take a look and let me know what you think.

This looks great! Is there any way to designate the Use Easement Deed area in zone 5 (basically the tidelands - blue and some red)? Maybe dashed outline?

Hi Jennifer,

Here is a draft map for your review. Let me know what needs to change and I can do it Friday. Not sure if the image background is ok, or you would prefer something simpler. The labels are attached to the image, but I can turn them off or customize if needed.
