Hi Jennifer, thank you and Sue for the responses. I have a few more questions and I hopefully got all of them highlighted in yellow so it will be easier to find them in track changes. If they are too "in the weeds" or if they are information that everyone involved will already know, you can feel free to delete. I'm just reading this as a layperson and trying to figure out the relationship between the tribe seeking permits from one or all three other agencies, yet the farming is conducted in Refuge waters – I think? It seems like adding the specific agency, or all three if that permit request goes to all three, will help clarify a few details.

So, you can also look at what I did. There's so much solid information here, I just wanted to help it stand out a little to Robyn (or whomever) to get all your points.

I am more than happy to change or finalize this, or whatever helps. It's great to learn about things going on at refuges! I hope you are enjoying the east coast!

Thank you,
Nicole
