More on the oyster permit issue at Dungeness.

<http://www.peninsuladailynews.com/news/jamestown-oyster-farm-in-wildlife-refuge-now-on-hold/>

Our position has been to work with the tribe and focus our comments about disturbance and/or impacts to refuge resources (ie we do not oppose the lawful permitting of this activity).

Ron Allen (Tribal Chair) will probably be reaching out to Robyn. I will try to set up some time to discuss today.

Kevin

The only available person will be our office clerk, unless someone wants to join me from PDX.

I am out of the office May 25 - June 10.

Do you have a second person available to sit in on that meeting with you?

I will be meeting with Hansi Hals, Natural Resource Director; Liz Tobin, Shellfish Biologist; and Dianna Bob; Council Attorney either Tuesday or Wednesday of next week. According to Hansi, they would like to explain what they are attempting to accomplish with the aquaculture project, discuss the suggested conservation measures that we provided in our letter to the county, and provide some background about the Shellfish litigation relating to the lease and on the historic use of the area.

Our biologist and Deputy Project Leader are in the San Juans for surveys, so I will be the only Refuge staff in attendance.

Just wanted to keep you in the loop.
