**Subject:** Note to Chairman Allen  
**Date:** Wednesday, June 23, 2021 3:25:39 PM

---

Kevin,

Here is my thought on a response to Chairman Allen. Are you comfortable with the last sentence of the first paragraph?

Hugh

Chairman Allen,

Thank you for taking the time to talk with me regarding the Jamestown S’Klallam Tribe’s proposal to resume commercial shellfish operations on the Washington Department of Natural Resource lease lands within the Dungeness National Wildlife. We share your interest in resolving questions regarding the proposed operations as quickly as possible. With this in mind, we will respond to the formal request of the U.S. Army Corps of Engineer’s this week indicating no further need for coordination with the Service prior to issuance of the 404 permit.

The Service has also received the June 15 memo from Natural Resource Director Hals addressing our conservation regarding a compatibility determination for access to the leased tidelands. We are carefully evaluating the information provided and will be following up soon.

Thank you,

Hugh Morrison  
Deputy Regional Director
