I apologize for having to leave our call before we wrapped up on oyster operations at Dungeness. Thank you for your work on this; you carry a lot on your shoulders for FWS, and it's not easy! I hope Kevin's call to the Chairman can help assuage some of the concerns he's raising (because it appears those will get worked out) and to focus on...well, focus on where we need to focus!

Thanks, all, particularly Jennifer.
