Thanks for the call this morning. Just so you have it, here is the list of questions I had that we discussed this morning.
Thanks, and have good weekends!
Eric

- MOU to be an agent of service as described in 10j rule - when should the development of this begin, and does FWS have a template to use?
- If we capture wolves in eastern OR and move to western OR (or Washington) for the airport, (into the listed area) what complications does that bring. What permitting is necessary? What permitting is necessary to get from Tribes?
- What about driving out of tribal lands and across other states - what is necessary there?
- What permitting is necessary to get wolves from Canada? What is the process like?
- What permitting is necessary to get wolves from Great Lakes states?
- What permitting is necessary to get wolves from National Parks?
