Looks like we can ask this on our RD call at 11 am MTN today.

Please let me know if I can assist with any agenda prep for this meeting.

Thanks!

Adam

Hi, Adam:

Thanks for sharing the updated DRT guidance. Based on my read of that document, your September 21 cutoff for the Stage 3 Final EIS briefing sounds accurate. I think we should motivate the RD's Office to start scheduling this briefing now to secure calendar invitations.

I placed these NEPA resources on our ESA Practitioner's Team here:  [NEPA](#)

Subject: FEIS review process - CO wolf 10j

Good Morning Everyone,

Chatted with Alicia (who is cced) this morning about the NEPA review process and she provided me with the updated guidance.

Matt will need to work with Maureen Foster to schedule a briefing which could take several weeks to a month(s) to get on everyone's calendar.

The briefing needs to be scheduled a minimum of two weeks in advance of the NOA for the FEIS publishing in the FR.

Craig and Alicia, please correct me if I am mistaken - if the NOA needs to publish by October 6, then this briefing must occur no later than Thursday September 21. Matt can request the briefing when he surnames the package on August 11, but should probably request the briefing sooner?

FYI, I am working with Alicia to get access to the NEPA database and will update our package in the system.

Thanks all,

Adam
