Hi Adam,

That change wasn't made in the last version, so we'll be sure to update the text for the next submittal.

Thanks!

Subject: Change to FEIS

Hi Lori and team, Checking in to see if this change has or needs to be made. Thank you!

We had to update bullet C for the ungulate provision in the final rule, as follows, so want to make sure an needed updates occur in the FEIS too:
Change:

- (B) Data indicating that the ungulate herd is below management objectives;
- (C) Data indicating that wolves are a major cause of the unacceptable impact to the ungulate population decline;
- (D) Why wolf removal is a warranted solution to help restore the ungulate herd to management objectives;
- (E) The level and duration of wolf removal being proposed.
