Joy and Orien,

Sending this to both of you just in case. Attached is short document put together by Angela Picco, lead biologist on the ASSP petition finding, comparing language in the two docs. I've also put the Mouse Project DEIS in the following folder, if you want to review that:  
M:\REFUGES & PROGRAMS\Farallon\Mouse EIS

There is also a hard copy in the Admin area on desk across from Trish's. Trish is in charge of overseeing that copy so it doesn't disappear. It's mainly there for public viewing.

I'll forward the Ashy Storm-Petrel petition finding report as well.  
Gerry
