Janet and Carolyn,

Please find attached a Scope of Work and Budget for the Farallon mouse eradication project for FY2010 funds. The budget includes completion of the NEPA process (which is out of funds), biomarker trials, and a few other items to prepare for planned mouse eradication (expected fall 2011). Please let me know if you have any questions. If you approve, please forward to the rest of the Council.

Thanks very much for your patience waiting for this.

Gerry
