Hi, Angela.

PDM has concluded review of this document. A slightly revised version is attached. The document was in very good shape; mostly I suggest inserting some additional subheads to guide the reader. These are only my suggestions; feel free to revise.

Also, in the future, you don't need to include an Executive Summary for a document of this length. It's fine to do so, and I didn't remove it. But DOI's Exec Sec has directed us to include them in all FR documents of 50 pages or more.

This email constitutes PDM surname of the attached document.

Regards,

Angela, you can use the same docket ID from the 90-day finding:

FWS-R8-ES-2012-0075

I've added a new phase for your current FR document.
