Russ:

Not sure of agenda item timing, but we could try to make 10-12 the time window for internal deliberations for including Pete,
and perhaps have the early afternoon for including others cooperators that might call in, like Winston Vickers of IWS-OWCN.

Thanks

Pete will call in for part of this – as he has lots of expertise with this kind of stuff. It would be great if I could give him a timeframe about when we would be talking those logistics. I'll fill in all the Farallon bios afterwards as well.

Subject Invitation to meeting on
Farallon gull hazing trials: July
11, 9AM - 3 PM

All,

Sorry for the short notice on this, but we're having a meeting here at the SFBNWRC headquarters next Wed, July 11 to discuss the planned gull hazing trials on the Farallon Islands this fall. Your attendance would be much appreciated, even for just part of the meeting. A draft agenda is below. Please let me know if you can make this or if you have other staff who should also attend or attend in your place.
Thanks.

1. **Funding/Budgeting:** Review status of existing funds and available grants for the trial
2. **Goals:** Determine the objectives of the December Trial, based on available staff and funding
3. **Designing and Writing the Hazing Plan:** Determine internal development and external review process
4. **Logistics/Timing:** Define field window, discuss any conflicts with other USFWS/PRBO/other research
5. **Field Trial Roles:** Define responsibilities (Lead vs support) of USFWS, PRBO, IC and any additional agencies (USDA, etc)
6. **Staffing Needs:** Identify list of individuals to participate in planning and execution of trial

7. **Equipment:** Develop list and source
8. **Other Trial Studies:** Incorporate other elements into the Fall trial?
9. **Review Action Items and planning schedule**
