

**Summary of Changes to Scope of Work
F16PX02667 Modification 1 Environmental Policy Solutions
National Environmental Policy Act Services For
South Farallon Islands House Mouse Eradication
Environmental Impact Statement**

This modification is to add \$60,174 for performance of the tasks listed below and to extend the period of performance to purchase order F16PX02667 Environmental Policy Solutions for NEPA support of the Farallon Islands National Wildlife Refuge house mouse eradication project.

In **Section 5. Deliverables**, add the following sub-sections:

- 5.3.6. Assist the Service with consultation with the NOAA-National Marine Fisheries Service on Essential Fish Habitat. Incorporate information associated with the consultation into the EIS;
- 5.3.7 Assist the Service with development of Contingency Plans for the following topics: a) Bait spill in the marine or terrestrial environment; and b) unexpected non-target impacts. These contingency plans will be included in the FEIS as appendices, with summaries of contents in the main text of the FEIS;
- 5.6.2 Attendance and participation in an additional ten all day meetings, including those with the project's Core Team and collaborating agencies; and
- 5.8.5 Assist the Service with consultation and development of a Level A take permit with the NOAA-National Marine Fisheries Service under the Marine Mammal Protection Act. This permitting process will be part of but in addition to the application for an Incidental Harassment Authorization described in the original Scope of Work.

In **Section 8. PLACE/DELIVERY AND PERIOD OF PERFORMANCE**:

Extend the period of performance to January 31, 2019.

All other terms and conditions of this purchase order remain the same.
