Request

Request ID 802911
Confirmation ID 802351

Request description 1. Any internal memos, reports, and/or emails out of the Texas Coastal Ecological Services Field Office that reference the April 20, 2023 SpaceX launch and resulting fire. Keywords in emails/memos/reports may include but not be limited to: "fire", "explosion", "Starship," and/or "particulate matter." 2. Any emails sent from employees of US Fish and Wildlife Services' Texas Coastal Ecological Services Field Office to SpaceX employees, and any emails sent by SpaceX employees to Texas Coastal Ecological Services Field Office employees between January 1, 2023 to July 27, 2023. 3. Any emails sent to or sent from Mary Orms, Sonny Perez, Bryan Winton, and Chris Perez that mention "SpaceX," "Space X", "Starship", "Starbase", "Musk", "Elon", and/or "FAA" between January 1, 2021 to July 27, 2023.

Supporting documentation

Fees

Request category ID media
Fee waiver yes
Explanation We are a non-profit investigative magazine offering free, in-depth reporting on political, environmental, and other important issues to a national audience for educational purposes
Willing to pay \$200

Expedited processing

Expedited Processing yes
Explanation My request pertains to the human and environmental risks of SpaceX launches. Receiving the information requested before the next launch is important to educating the public on the hypothetical risks of these launches.

Additional information
