Subject: FWS-FS Grizzly Bear Bitterroot Ecosystem Meeting

Hey good morning everyone and I hope this email finds you in good health and spirits. In discussions with both offices of the FWS, we think its timely to get folks together again to further our conversations around the Bitterroot Ecosystem. The folks within the Recovery Office have some updates they would like to share with the group, as well as discussion on follow-ups we've had from previous meetings. Lydia Allen from my staff will be sending a Doodle Poll out here to see what availability everyone has either in February or March. Also, please forward on the email if I have forgotten someone.

Thanks everyone and Happy Holidays.
