And, I guess now looking at it, I'm not 100% positive it's a grizzly.

Great. Griz came back by the clubhouse last night. At least pointing in the right direction to get to the bait station. Yesterday we tied a deer to a truck 30 yards away from this camera and drug it to the feeding station. Hopefully they are following their noses.

Correction, (b) (6)
(b) (6)

The ranch address is
(b) (6)
in
your mapping app.

There is a

(b) (6)

I
put a blob
