

Enjoy the Trails

We welcome you to explore our three nature trails. They all begin here and are easy to navigate. You can decide if you want to keep going or turn around at each intersection. Keep a look out for wildlife along the way.

The **Wetland Wonders** trail is a short accessible paved path around the education center's wetland. The paved path continues around the **Bulrush Bridge** trail for a longer trip. Explore further into the Refuge along the unpaved **Marsh Meander** trail.

Remember, dogs must be on a leash and under your control at all times.

Disfrute de los Senderos

Le invitamos a explorar nuestros tres senderos naturales. Todos comienzan aquí y son fáciles de recorrer. Puede decidir si quiere seguir adelante o dar la vuelta en cada intersección. Esté atento a la fauna y la flora en el camino.

El sendero de las **Maravillas de los Humedales** es un camino corto pavimentado accesible que rodea el humedal del centro educativo. El sendero pavimentado continúa alrededor del sendero del **Puente Bulrush** para un recorrido más largo. Explore más adentro del Refugio por el sendero sin pavimentar **Marsh Meander**.

Recuerde que los perros deben estar con correa y bajo su control en todo momento.
