

## NOTICE TO THE WILDLIFE IMPORT/EXPORT COMMUNITY

January 13, 2026  
PB 26-001

**Subject:** CITES CoP20 Amendments to Appendices I and II

**Background:** Party countries of the Convention on International Trade in Endangered Species (CITES) meet approximately every three years for a Conference of the Parties. During these meetings, party countries review and vote on proposed amendments to CITES Appendix I and Appendix II species listings. Adopted amendments become effective 90 days after the last day of the meeting unless Party countries agree to delay implementation. The most recent Conference of the Parties (CoP 20) was held in Samarkand, Uzbekistan, November 24 – December 5, 2025.

On January 9, 2026, the CITES Secretariat posted a [Notification to the Parties](#) bulletin (No. 2026/005) announcing amendments to CITES Appendix I and II species listings.

**Action:** **Beginning March 5, 2026** (except those which have a delayed entry into effect date and those which have been deleted from the Convention), all shipments into and out of the United States containing the species listed below (including parts and products) must be accompanied by the appropriate CITES document.

Shipments must be presented for inspection and clearance by the Service's Office of Law Enforcement at a designated port or a port authorized under a Designated Port Exception Permit.

Port contact information can be found here: <https://www.fws.gov/media/wildlife-trade-fish-and-wildlife-portspdf>

## Amendments to Annotations:

### FAUNA

- *Saiga tatarica* – Annotation A3: A zero export quota for wild specimens traded for commercial purposes, except for specimens from the population of *Saiga tatarica* of Kazakhstan under the following conditions:
  - a) Trade in only government owned whole horns, originating in Kazakhstan, stockpiled and marked in accordance with marking and traceability requirements developed by Kazakhstan;
  - b) Prior verification by the Secretariat and Kazakhstan, in consultation with the Standing Committee through its Chair, that sufficient control mechanisms and traceability systems are already in place in Kazakhstan and trade partners;
  - c) Kazakhstan supervises the first shipment to each new trading partner to ensure the marking and traceability systems are in place and working adequately; and
  - d) Limited to a total amount of 30 tons until CoP21 to be reviewed in order to determine a potential for further trade based on a revised proposal.

NOTE: On a proposal from the Secretariat, the Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on the saiga population.

- *Loxodonta africana* (Only the populations of Botswana, Namibia, South Africa and Zimbabwe; all other populations are included in Appendix I) – Annotation A11: For the exclusive purpose of allowing:
  - a) trade in hunting trophies for non-commercial purposes;
  - b) trade in live animals to appropriate and acceptable destinations;
  - c) trade in hides;
  - d) trade in hair;
  - e) trade in leather goods;
  - f) trade in individually marked and certified ekipas incorporated in finished jewelry for non-commercial purposes for Namibia and ivory carvings for non-commercial purposes for Zimbabwe;

NOTE: The Standing Committee can decide to cause this trade to cease partially or completely in the event of non-compliance by exporting or importing countries, or in the case of proven detrimental impacts of the trade on other elephant populations.

All other specimens shall be deemed to be specimens of species included in Appendix I and the trade in them shall be regulated accordingly.
