

National Domestic Listing Workplan

Fiscal Year 2026–2030 Workload (July 2026 Version)

Key to action types:

12M/PLPCH – 12-month finding on a petition to list a species. If listing is warranted, we generally intend to proceed with a concurrent proposed listing rule and proposed critical habitat designation, if critical habitat is prudent and determinable.

Discretionary Status Review/PLPCH – Status review undertaken by discretion of the Service. Results of the review may be to propose listing, make a species a candidate for listing, provide notice of a not warranted candidate assessment, or other action as appropriate.

PLPCH – For species that are already candidates for listing, a proposed listing determination would either propose the species for listing or provide notice of a not warranted finding. We generally intend to propose critical habitat designations concurrent with proposed listing rules, to the extent prudent and determinable.

PCH – For species that are already listed, a proposed critical habitat rule will propose to designate critical habitat for the species, if we find critical habitat is prudent

rPCH – Revised proposed critical habitat rule.

FL – For species that have already been proposed for listing, the final listing determination would either finalize or withdraw the proposed listing rule.

FCH – For species that have proposed critical habitat, the final critical habitat determination would finalize a critical habitat designation for the species.

Table 1. Schedule for addressing listing decisions on domestic species. Bolded entries with an asterisk (*) accompanying the species name have court-ordered dates associated with them.

Package Name	Species Name	Action Type	Lead FWS Region	Priority Bin Ranking or LPN	Fiscal Year	Range	Scientific Name
2 torrent salamanders	Cascade torrent salamander*	12M/PLPCH	R1	3	FY26	OR, WA	<i>Rhyacotriton cascadae</i>
2 torrent salamanders	Columbia torrent salamander*	12M/PLPCH	R1	3	FY26	OR, WA	<i>Rhyacotriton kezeri</i>
22 Mariana Islands species	aplokateng palaoan*	PCH	R1	N/A	FY26	CNMI, Guam	<i>Psychotria malaspinae</i>
22 Mariana Islands species	birenghenas halomtano*	PCH	R1	N/A	FY26	Guam	<i>Solanum guamense</i>
