

Savannah

National Wildlife Refuge

Do not feed alligators!
It is against state and federal law to feed or harass this reptile in any way. When fed, alligators lose their fear of humans and become aggressive, expecting handouts from every person they see. These nuisance alligators must be removed. Alligators are an important part of the refuge's natural environment, so please enjoy watching them from a distance.

Directions to Wildlife Drive from Visitor Center: From Visitor Center entrance, turn left onto U.S. 17. In 0.25 miles, turn left onto SC 170 West. Continue for 2.5 miles to entrance on left. Scan QR code for directions in Google Maps.
