

The Massachusetts Rivers Alliance is cordially inviting you and your colleagues to our hosting of the US Fish and Wildlife Service's [Stream Smart Training Program](#). Stream Smart is an in-person workshop for learning how to implement stream crossings that are ecologically beneficial and resilient to flooding events.

The workshop will take place on Thursday, October 15th at the MassWildlife Headquarters in Westborough, MA from 9 am – 3:30 pm.

You can register to attend using [this link](#).

A site visit to a culvert replacement project will be included as part of the program. Please bring suitable attire, including comfortable shoes, and a safety vest if you have one.

Please let us know if you have any questions about this event by contacting lydiaolson@massriversalliance.org.

We look forward to your attendance and participation at the workshop!
