

OCTOBER 9 ,2026

STREAM SMART

WORKSHOP

Register through [Virginia Cooperative Extension](#)

Virginia Tech, the US Fish and Wildlife Service, and partners invite you to a free workshop to learn about how applying Stream Smart principles to road crossings can help connect and maintain fish and wildlife habitat while protecting roads and public safety. The workshop is designed for professionals responsible for road-stream crossings, including transportation managers, planners, and engineers.

**Space is limited.
Register to save your
seat!**
