

JOHN H. CHAFEE COASTAL BARRIER RESOURCES SYSTEM

This map was produced by the U.S. Fish and Wildlife Service from a map dated September 16, 2013, and was made effective on December 18, 2014, via Public Law 113-253. The boundaries of the John H. Chafee Coastal Barrier Resources System (CBRS) on this map are identical to the boundaries on the map adopted by Public Law 113-253. This map supersedes all prior maps depicting the CBRS boundaries in this location.

The seaward side of the CBRS unit includes the entire sand-sharing system, including the beach and nearshore area. The sand-sharing system of CBRS units is normally defined by the 30-ft bathymetric contour. In large coastal embayments and the Great Lakes, the sand-sharing system is defined by the 20-ft bathymetric contour or a line approximately one mile seaward of the shoreline, whichever is nearer the coastal barrier.

For additional information about the CBRA or CBRS, please visit www.fws.gov/cbra.

SACHUEST POINT UNIT RI-04P
EASTON BEACH UNIT RI-05P
ALMY POND UNIT RI-06
HAZARDS BEACH UNIT RI-07

- System Unit Boundary
- Otherwise Protected Area (OPA) Boundary; OPAs are identified on the map by the letter "P" following the unit number
- Approximate State Boundary
- 2000-meter Universal Transverse Mercator grid values, Zone 19 North
